SECTION 1: Product and company identification

Product Identifier

Product name: Canon NPG-1 Black Toner for NP Copier

Product Code(s): 1372A006

Use: Toner for electrophotographic machines

Details of the supplier of the safety data sheet

Supplier
Canon USA, Inc.
One Canon Park, Melville, NY 11747, USA
Phone number: 1-800-OK-CANON
Emergency phone number: 24 Hr. Emergency CHEMTREC # 1-800-424-9300

Canon Canada Inc.
6390 Dixie Road, Mississauga, Ontario L5T 1P7, Canada
Phone number: (1) 905-795-1111
Emergency phone number: 24 Hr. Emergency CHEMTREC # 1-800-424-9300

Manufacturer
Canon Inc.
30-2, Shimomaruko 3-Chome, Ohta-ku, Tokyo 146-8501, Japan

SECTION 2: Hazards identification

Emergency Overview

Black fine powder, slight plastic odor.

Classification under OSHA HCS

Not classified

US Label Elements under OSHA HCS

Symbol
Not required

Signal word
Not required

Hazard statements
Not required

Precautionary statements
Not required

Other Information

None

Other hazards which do not result in classification

None
SECTION 3: Composition/information on ingredients

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>CAS-No</th>
<th>Weight %</th>

SECTION 4: First aid measures

**Description of first aid measures**

**Inhalation**
Move to fresh air. Get medical attention immediately if symptoms occur.

**Ingestion**
Rinse mouth. Drink 1 or 2 glasses of water. Get medical attention immediately if symptoms occur.

**Skin Contact**
Wash off immediately with soap and plenty of water. Get medical attention immediately if symptoms occur.

**Eye Contact**
Flush with plenty of water. Get medical attention immediately if symptoms occur.

**Most important symptoms and effects, both acute and delayed**

**Inhalation**
None under normal use. Exposure to excessive amounts of dust may cause physical irritation to respiratory tract.

**Ingestion**
None under normal use.

**Skin Contact**
None under normal use.

**Eye Contact**
None under normal use. May cause slight irritation.

**Chronic Effects**
None under normal use. Prolonged inhalation of excessive amounts of dust may cause lung damage.

**Indication of any immediate medical attention and special treatment needed**
None

SECTION 5: Firefighting measures

**Extinguishing media**

**Suitable extinguishing media**
Use CO₂, dry chemical, or foam, Water.

**Unsuitable extinguishing media**
None

**Special hazards arising from the substance or mixture**

**Special Hazard**
May form explosive mixtures with air.

**Hazardous combustion products**
Carbon dioxide (CO₂), Carbon monoxide (CO)
Advice for firefighters

Special protective equipment for fire-fighters
None

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures
Avoid breathing dust. Avoid contact with skin, eyes and clothing.

Environmental Precautions
Keep out of waterways.

Methods and material for containment and cleaning up
Clean up promptly by scoop or vacuum. If a vacuum cleaner is used, be sure to use a model with dust explosion safety measures. May form explosive mixtures with air.

Other Information
None

SECTION 7: Handling and storage

Precautions for safe handling
Avoid breathing dust. Avoid contact with skin, eyes and clothing. Clean contaminated surface thoroughly. Use only with adequate ventilation.

Conditions for safe storage, including any incompatibilities
Keep in a dry, cool and well-ventilated place. Keep out of the reach of children. Incompatible with oxidizing agents.

SECTION 8: Exposure controls/personal protection

Exposure guidelines

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>OSHA PEL</th>
<th>ACGIH TLV</th>
</tr>
</thead>
<tbody>
<tr>
<td>Amorphous silica 7631-86-9</td>
<td>TWA: 20 mppcf</td>
<td>None</td>
</tr>
<tr>
<td></td>
<td>: (80)/(% SiO2) mg/m³ TWA</td>
<td></td>
</tr>
</tbody>
</table>

Appropriate engineering controls None under normal use conditions.

Individual protection measures, such as personal protective equipment
- Eye/face Protection Not required under normal use.
- Skin Protection Not required under normal use.
- Respiratory Protection Not required under normal use.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties
- Appearance Black ; powder
- Odor Slight odor
- Odor threshold No data available
pH: Not Applicable

Melting/Freezing point (°C): 100-150 (Softening point)

Boiling Point/Range (°C): Not Applicable

Flash Point (°C): Not Applicable

Evaporation Rate: Not Applicable

Flammability (solid, gas): Not flammable; estimated

Flammability Limits in Air:
- Upper Flammability Limit: Not Applicable
- Lower Flammability Limit: Not Applicable

Vapor pressure: Not Applicable

Vapor Density: Not Applicable

Relative density: 1.4-1.6

Solubility(ies): Organic solvent; partly soluble

Partition coefficient: n-octanol/water: Not Applicable

Autoignition Temperature (°C): No data available

Decomposition Temperature (°C): > 200

Viscosity (mPa s): Not Applicable

Other Information:
No data available

SECTION 10: Stability and reactivity

Reactivity:
None

Chemical stability:
Stable

Possibility of Hazardous Reactions:
None

Conditions to Avoid:
None

Incompatible materials:
Acids, Bases, Oxidizing agents, Reducing agents.

Hazardous Decomposition Products:
Carbon dioxide (CO₂), Carbon monoxide (CO)

SECTION 11: Toxicological information

Information on toxicological effects:

Acute toxicity: LD₅₀ > 5000 mg/kg (Ingestion)

Skin corrosion/irritation: Non-irritant

Serious eye damage/eye irritation: Transient slight conjunctival irritation only.

Sensitization: Non-sensitizing
Germ cell mutagenicity  
Ames Test (S. typhimurium): Negative

Carcinogenicity  
No data available

Reproductive Toxicity  
No data available

STOT - single exposure  
No data available

STOT - repeated exposure  
Muhle et al. reported pulmonary response upon chronic inhalation exposure in rats to a toner enriched in respirable-sized particles compared to commercial toner. No pulmonary change was found at 1 mg/m$^3$ which is most relevant to potential human exposure. A minimal to mild degree of fibrosis was noted in 22% of the animals at 4 mg/m$^3$, and a mild to moderate degree of fibrosis was observed in 92% of the animals at 16 mg/m$^3$. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lung for a prolonged interval.

Aspiration hazard  
No data available

Other Information  
No data available

SECTION 12: Ecological information

Toxicity

Ecotoxicity effects
Fish, 96h LC50 > 100 mg/l
Crustaceans, 48h EC50 > 100 mg/l
Algae, ErC50(0-72h) > 100 mg/l

Persistence and degradability
No data available

Bioaccumulative potential
No data available

Mobility in soil
No data available

Other adverse effects
No data available

SECTION 13: Disposal considerations

Waste treatment methods
DO NOT put toner or a toner container into fire. Heated toner may cause severe burns. DO NOT dispose of a toner container in a plastic crusher. Use a facility with dust explosion prevention measures. Finely dispersed particles form explosive mixtures with air. Dispose of in accordance with local regulations.

SECTION 14: Transport information

UN number  
None
SECTION 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

TSCA Sec. 4,5,6,7,8,12b: None
SARA Title III Sec. 313: None
California Proposition 65: None
CEPA Sec. 81: None
HPA (WHMIS): Not a controlled product
Other Information: None

SECTION 16: Other information

Key literature references and sources for data
