SECTION 1: Product and company identification

**Product identifier**

**Product name**  Canon imagePRESS Toner T01 Yellow

**Product code(s)**  8069B001

**Use**  Toner for electrophotographic machines

**Details of the supplier of the safety data sheet**

**Supplier**
Canon USA, Inc.
One Canon Park, Melville, NY 11747, USA
Phone number : 1-800-OK-CANON
Emergency phone number : 24 Hr. Emergency CHEMTREC # 1-800-424-9300

Canon Canada Inc.
8000 Mississauga Road, Brampton, Ontario L6Y 5Z7, Canada
Phone number : (1) 905-863-8000
Emergency phone number : 24 Hr. Emergency CHEMTREC # 1-800-424-9300

**Manufacturer**
Canon Inc.
30-2, Shimomaruko 3-Chome, Ohta-ku, Tokyo 146-8501, Japan

SECTION 2: Hazards identification

**Emergency overview**

Yellow fine powder, slight plastic odor.

**Classification under OSHA HCS**

Not classified

**US Label elements under OSHA HCS**

**Symbol**
Not required

**Signal word**
Not required

**Hazard statements**
Not required

**Precautionary statements**
Not required

**Other information**
None

**Other hazards which do not result in classification**
None
SECTION 3: Composition/information on ingredients

SECTION 4: First aid measures

Description of first aid measures

Inhalation: Move to fresh air. Get medical attention immediately if symptoms occur.

Ingestion: Rinse mouth. Drink 1 or 2 glasses of water. Get medical attention immediately if symptoms occur.

Skin contact: Wash off immediately with soap and plenty of water. Get medical attention immediately if symptoms occur.

Eye contact: Flush with plenty of water. Get medical attention immediately if symptoms occur.

Most important symptoms and effects, both acute and delayed

Inhalation: None under normal use. Exposure to excessive amounts of dust may cause physical irritation to respiratory tract.

Ingestion: None under normal use.

Skin contact: None under normal use.

Eye contact: None under normal use. May cause slight irritation.

Chronic effects: None under normal use. Prolonged inhalation of excessive amounts of dust may cause lung damage.

Indication of any immediate medical attention and special treatment needed

None

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media
Use CO₂, water, dry chemical, or foam.

Unsuitable extinguishing media
None

Special hazards arising from the substance or mixture

Special hazard
May form explosive mixtures with air.

Hazardous combustion products
Carbon dioxide (CO\textsubscript{2}), Carbon monoxide (CO)

**Advice for firefighters**

Special protective equipment for firefighters
None

### SECTION 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

Avoid breathing dust. Avoid contact with skin, eyes and clothing.

#### Environmental precautions

Keep out of waterways.

#### Methods and material for containment and cleaning up

Clean up promptly by scoop or vacuum. If a vacuum cleaner is used, be sure to use a model with dust explosion safety measures. May form explosive mixtures with air.

#### Other information

None

### SECTION 7: Handling and storage

#### Precautions for safe handling

Avoid breathing dust. Avoid contact with skin, eyes and clothing. Clean contaminated surface thoroughly. Use only with adequate ventilation.

#### Conditions for safe storage, including any incompatibilities

Keep in a dry, cool and well-ventilated place. Keep out of the reach of children. Incompatible with oxidizing agents.

### SECTION 8: Exposure controls/personal protection

#### Exposure guidelines

Appropriate engineering controls
None under normal use conditions.

Individual protection measures, such as personal protective equipment

- **Eye/face protection**
  Not required under normal use.
- **Skin protection**
  Not required under normal use.
- **Respiratory protection**
  Not required under normal use.

### SECTION 9: Physical and chemical properties

#### Information on basic physical and chemical properties

- **Appearance**
  Yellow ; powder
## Odor
Slight odor

## Odor threshold
No data available

## Melting/freezing point (°C)
85 - 120 (Softening point)

## Boiling point/range (°C)
Not applicable

## Flash point (°C)
Not applicable

## Evaporation rate
Not applicable

## Flammability (solid, gas)
Not flammable; estimated

## Flammability limits in air
- Upper flammability limit: Not applicable
- Lower flammability limit: Not applicable

## Vapor pressure
Not applicable

## Vapor density
Not applicable

## Relative density
1.0 - 1.5

## Solubility(ies)
Organic solvent; partly soluble

## Partition coefficient: n-octanol/water
Not applicable

## Auto-ignition temperature (°C)
No data available

## Decomposition temperature (°C)
> 200

## Viscosity (mPa s)
Not applicable

## Other information
No data available

### SECTION 10: Stability and reactivity

#### Reactivity
None

#### Chemical stability
Stable

#### Possibility of hazardous reactions
None

#### Conditions to avoid
None

#### Incompatible materials
Acids, Bases, Oxidizing agents, Reducing agents.

#### Hazardous decomposition products
Carbon dioxide (CO₂), Carbon monoxide (CO)

### SECTION 11: Toxicological information

#### Information on toxicological effects

<table>
<thead>
<tr>
<th>Effect</th>
<th>Description</th>

</thead>
<tbody>
<tr>
<td><strong>Acute toxicity</strong></td>
<td>Estimate: LD50 &gt; 2000 mg/kg (Ingestion)</td>
</tr>
<tr>
<td><strong>Skin corrosion/irritation</strong></td>
<td>Estimate: Mild irritant</td>
</tr>
<tr>
<td><strong>Serious eye damage/eye irritation</strong></td>
<td>Estimate: Transient slight conjunctival irritation only.</td>
</tr>
</tbody>
</table>
**Sensitization**  
Estimate: Non-sensitizing

**Germ cell mutagenicity**  
Ames Test (S. typhimurium, E. coli): Negative

**Carcinogenicity**  
The IARC evaluated titanium dioxide as a Group 2B carcinogen, for which there is inadequate human evidence, but sufficient animal evidence. The latter is based upon the evidence such as development of lung tumors in rats receiving chronic inhalation exposure to powdered titanium dioxide at levels that induce particle overload of the lung. However, there is an inhalation study of a toner containing titanium dioxide which suggested no association between toner exposure and tumor development in rats.

**Reproductive toxicity**  
No data available

**STOT - single exposure**  
No data available

**STOT - repeated exposure**  
Muhle et al. reported pulmonary response upon chronic inhalation exposure in rats to a toner enriched in respirable-sized particles compared to commercial toner. No pulmonary change was found at 1 mg/m\(^3\) which is most relevant to potential human exposure. A minimal to mild degree of fibrosis was noted in 22% of the animals at 4 mg/m\(^3\), and a mild to moderate degree of fibrosis was observed in 92% of the animals at 16 mg/m\(^3\). These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lung for a prolonged interval.

**Aspiration hazard**  
No data available

**Other information**  
No data available

---

**SECTION 12: Ecological information**

**Toxicity**

**Ecotoxicity effects**
Fish, 96h LC50 > 100 mg/l  
Crustaceans, 48h EC50 > 100 mg/l  
Algae, ErC50(0-72h) > 100 mg/l

**Persistence and degradability**
No data available

**Bioaccumulative potential**
No data available

**Mobility in soil**
No data available

**Other adverse effects**
No data available

---

**SECTION 13: Disposal considerations**

**Waste treatment methods**
DO NOT put toner or a toner container into fire. Heated toner may cause severe burns. DO NOT dispose of a toner container in a plastic crusher. Use a facility with dust explosion prevention measures. Finely dispersed particles form explosive mixtures with air. Dispose of in accordance with local regulations.
SECTION 14: Transport information

UN number
None

UN proper shipping name
None

Transport hazard class
None

Packing group
None

Environmental hazards
Not classified as environmentally hazardous under UN Model Regulations and marine pollutant under IMDG Code.

Special precautions for users
IATA: Not regulated

Transport in bulk according to Annex II of MARPOL and the IBC Code
Not applicable

SECTION 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

TSCA Sec. 4,5,6,7,8,12b
None

SARA Title III Sec. 313
None

California Proposition 65
None

CEPA Sec. 81
None (Manufactured Item)

HPA (WHMIS)
None (Manufactured Article)

Other information
None

SECTION 16: Other information
