SECTION 1: Product and company identification

Product identifier

Product name  Canon Cartridge 046 H Black
Product code(s)  1254C001
Use  Toner for electrophotographic machines

Details of the supplier of the safety data sheet

Supplier
Canon USA, Inc.
One Canon Park, Melville, NY 11747, USA
Phone number : 1-800-OK-CANON
Emergency phone number : 24 Hr. Emergency CHEMTREC # 1-800-424-9300

Canon Canada Inc.
8000 Mississauga Road, Brampton, Ontario L6Y 5Z7, Canada
Phone number : (1) 905-863-8000
Emergency phone number : 24 Hr. Emergency CHEMTREC # 1-800-424-9300

Manufacturer
Canon Inc.
30-2, Shimomaruko 3-Chome, Ohta-ku, Tokyo 146-8501, Japan

SECTION 2: Hazards identification

Emergency overview
Black fine powder, slight plastic odor.

Classification under OSHA HCS
Not classified

US Label elements under OSHA HCS
Symbol
Not required
Signal word
Not required

Hazard statements
Not required
Precautionary statements
Not required

Other information
None

Other hazards which do not result in classification
None
SECTION 3: Composition/information on ingredients

SECTION 4: First aid measures

Description of first aid measures

Inhalation
Move to fresh air. Get medical attention immediately if symptoms occur.

Ingestion
Rinse mouth. Drink 1 or 2 glasses of water. Get medical attention immediately if symptoms occur.

Skin contact
Wash off immediately with soap and plenty of water. Get medical attention immediately if symptoms occur.

Eye contact
Flush with plenty of water. Get medical attention immediately if symptoms occur.

Most important symptoms and effects, both acute and delayed

Inhalation
None under normal use. Exposure to excessive amounts of dust may cause physical irritation to respiratory tract.

Ingestion
None under normal use.

Skin contact
None under normal use.

Eye contact
None under normal use. May cause slight irritation.

Indication of any immediate medical attention and special treatment needed
None

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media
Use CO₂, water, dry chemical, or foam.

Unsuitable extinguishing media
None

Special hazards arising from the substance or mixture

Special hazard
May form explosive mixtures with air.

Hazardous combustion products
Carbon dioxide (CO₂), Carbon monoxide (CO)

Advice for firefighters

Special protective equipment for firefighters
**SECTION 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

Avoid breathing dust. Avoid contact with skin, eyes and clothing.

**Environmental precautions**

Keep out of waterways.

**Methods and material for containment and cleaning up**

Clean up promptly by scoop or vacuum. If a vacuum cleaner is used, be sure to use a model with dust explosion safety measures. May form explosive mixtures with air.

**Other information**

None

**SECTION 7: Handling and storage**

**Precautions for safe handling**

Avoid breathing dust. Avoid contact with skin, eyes and clothing. Clean contaminated surface thoroughly. Use only with adequate ventilation.

**Conditions for safe storage, including any incompatibilities**

Keep in a dry, cool and well-ventilated place. Keep out of the reach of children. Incompatible with oxidizing agents.

**SECTION 8: Exposure controls/personal protection**

**Exposure guidelines**

<table>

</table>

**Appropriate engineering controls**

None under normal use conditions.

**Individual protection measures, such as personal protective equipment**

- Eye/face protection: Not required under normal use.
- Skin protection: Not required under normal use.
- Respiratory protection: Not required under normal use.

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

- **Appearance**: Black; powder
- **Odor**: Slight odor
- **Odor threshold**: No data available
- **pH**: Not applicable
- **Melting/freezing point (°C)**: 80 - 130 (Softening point)
- **Boiling point/range (°C)**: Not applicable

**SECTION 10: Stability and reactivity**

**Reactivity**

None

**Chemical stability**

Stable

**Possibility of hazardous reactions**

None

**Conditions to avoid**

None

**Incompatible materials**

Acids, Bases, Oxidizing agents, Reducing agents.

**Hazardous decomposition products**

Carbon dioxide (CO₂), Carbon monoxide (CO)

**SECTION 11: Toxicological information**

**Information on toxicological effects**

**Acute toxicity**

LD50 > 2000 mg/kg (Ingestion)

**Skin corrosion/irritation**

Non-irritant

**Serious eye damage/eye irritation**

Transient slight conjunctival irritation only.

**Sensitization**

Non-sensitizing

**Germ cell mutagenicity**

Ames Test (S. typhimurium, E. coli): Negative

**Carcinogenicity**

The IARC evaluated carbon black as a Group 2B carcinogen, for which there is inadequate
human evidence, but sufficient animal evidence. The latter is based upon the development of lung tumors in rats receiving chronic inhalation exposure to powdered carbon black at levels that induce particle overload of the lung. However, there is a two-year inhalation study of a toner containing carbon black which demonstrated no association between toner exposure and tumor development in rats.

Reproductive toxicity  
No data available

STOT - single exposure  
No data available

STOT - repeated exposure  
Muhle et al. reported pulmonary response upon chronic inhalation exposure in rats to a toner enriched in respirable-sized particles compared to commercial toner. No pulmonary change was found at 1 mg/m$^3$ which is most relevant to potential human exposure. A minimal to mild degree of fibrosis was noted in 22% of the animals at 4 mg/m$^3$, and a mild to moderate degree of fibrosis was observed in 92% of the animals at 16 mg/m$^3$. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lung for a prolonged interval.

Aspiration hazard  
No data available

Other information  
No data available

### SECTION 12: Ecological information

#### Toxicity

**Ecotoxicity effects**
- Fish, 96h LL50 > 100 mg/l (WAF)
- Crustaceans, 48h EL50 > 100 mg/l (WAF)
- Algae, ErL50(0-72h) > 100 mg/l (WAF)

**Persistence and degradability**
No data available

**Bioaccumulative potential**
No data available

**Mobility in soil**
No data available

**Other adverse effects**
No data available

### SECTION 13: Disposal considerations

**Waste treatment methods**
DO NOT put toner or a toner container into fire. Heated toner may cause severe burns. DO NOT dispose of a toner container in a plastic crusher. Use a facility with dust explosion prevention measures. Finely dispersed particles form explosive mixtures with air. Dispose of in accordance with local regulations.

### SECTION 14: Transport information

**UN number**
None
SECTION 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

<table>
<thead>
<tr>
<th>Regulation</th>

</tbody>
</table>

Environmental hazards: Not classified as environmentally hazardous under UN Model Regulations and marine pollutant under IMDG Code.

Special precautions for users: IATA: Not regulated

Transport in bulk according to Annex II of MARPOL and the IBC Code: Not applicable

SECTION 16: Other information

The data in SECTION 9, 11 and 12 of this SDS are based on the test results of this product, or estimates based on the data of similar product or the ingredients of this product.
