SECTION 2    COMPOSITION/INFORMATION ON INGREDIENTS - Continued

Carcinogen
Chemical Name                  CAS #        Reference
None                            

Other Ingredient(s)
Chemical/Generic Name          Weight %    
Polyester resin                3 - 10       
Pigment                        < 1          

SECTION 3    HAZARDS IDENTIFICATION

Emergency Overview: Yellowish gray fine powder, slight plastic odor.

Potential Health Effects and Symptoms:
Inhalation: Exposure to excessive amounts of dust may cause physical irritation to respiratory tract.

Ingestion: Practically non-toxic. Ingestion is a minor route of entry for intended use of this product.

Eye: May cause transient slight irritation.

Skin: May be non irritant.

Chronic Effects: Prolonged inhalation of excessive amounts of dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Medical Conditions Generally known to be Aggravated by Exposure: Not determined.

Date of Issue: February 16, 1994  Revised: December 13, 2000
SECTION 4 FIRST AID MEASURES

First Aid Measures:

Inhalation: If symptoms are experienced, move victim to fresh air and obtain medical advice.

Ingestion: Rinse mouth. Drink 1 or 2 glasses of water. If irritation or discomfort occurs, obtain medical advice immediately.

Eye: Do not allow victim to rub eye(s). Flush with lukewarm, gently flowing water for 5 minutes or until particle is removed. If irritation persists, obtain medical attention.

Skin: Wash with soap and water. If irritation persists, obtain medical advice.

Note to Physicians: None.

SECTION 5 FIRE FIGHTING MEASURES

Fire Fighting Measures:

Extinguishing Media: CO₂, water, dry chemicals

Unsuitable Extinguishing Media: None.

Special Fire Fighting Procedures: None.

Unusual Fire and Explosion Hazards: Can form explosive dust-air mixtures when finely dispersed in air.

Fire and Explosive Properties:

Flash Point(°C): Not applicable.

Flammable(Explosive) Limits: Not applicable

Autoignition Temperature(°C): Not available.

### SECTION 6  ACCIDENTAL RELEASE MEASURES

#### Personal Precautions:
Avoid breathing dust.

#### Environmental Precautions:
Do not wash away into sewer.

#### Method for Cleaning Up:
Sweep slowly spilled powder on to paper, and carefully transfer into a waste container. Clean remainder with wet paper, wet cloth or a vacuum cleaner. If a vacuum cleaner is used, it must rate as a dust explosion-proof type. Fine powder can form explosive dust-air mixtures.

### SECTION 7  HANDLING AND STORAGE

#### Handling:
Avoid breathing dust.
Use with adequate ventilation.

#### Storage:
Keep away from oxidizing materials.
SECTION 8    EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Guidelines: USA OSHA(TWA/PEL): 15mg/m3 (Total dust)
5mg/m3 (Respirable fraction)
ACGIH(TWA/TLV): 10mg/m3 (Inhalable particulate)
3mg/m3 (Respirable particulate)
DFG (MAK): 4 mg/m3 (Inhalable fraction)
1.5 mg/m3 (Respirable fraction) (Also refer to SECTION 2)

Engineering Controls: Use adequate ventilation.

Personal Protection Equipment(s):
Respiratory Protection: ☐ Required  ☒ Not Required

Eye/Face Protection: ☐ Required  ☒ Not Required

Skin Protection: ☐ Required  ☒ Not Required

SECTION 9    PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Yellowish gray fine powder

Odor: Slight plastic odor
pH: Not applicable
Boiling Point/Range(°C): Not applicable
Melting Point/Range(°C): 100 - 150 (Softening point)
Decomposition Temperature(°C): >200
Flash Point(°C): Not applicable.
Flammable (Explosive) Limits: Not applicable
Autoignition Temperature(°C): Not available.
Autoflammability: Not applicable.
Explosive Properties: Can form explosive dust-air mixtures when finely dispersed in air.

Oxidizing Properties: Not available
Vapor Pressure: Not applicable
Vapor Density: Not applicable
Density / Specific Gravity: 4.0 - 5.0
Water Solubility: Negligible
Fat Solubility: Partially soluble in toluene and xylene.
Partition Coefficient (n-Octanol/Water): Not applicable
Percent Volatile: Negligible
Evaporation Rate: Not applicable

Date of Issue: February 16, 1994
Revised: December 13, 2000
SECTION 10  STABILITY AND REACTIVITY

Stability: § Stable  □ Unstable

Conditions to Avoid: None.

Materials to Avoid: Strong oxidizers

Hazardous Decomposition Products: CO, CO₂

Hazardous Polymerization: □ May Occur  § Will Not Occur

Conditions to Avoid: None

SECTION 11  TOXICOLOGICAL INFORMATION

Acute Toxicity:

Inhalation: Not available

Ingestion: Estimate : Rat, LD₅₀ > 5000 mg/kg

Eye: Estimate : Rabbit, transient slight conjunctival irritation only.

Skin: Estimate : Rabbit, non irritant.

Sensitization: Not available

Mutagenicity: Estimate : Ames Test (Salmonella typhimurium) : Negative

Reproductive Toxicity: Not available

Date of Issue: February 16, 1994  Revised: December 13, 2000
SECTION 11 TOXICOLOGICAL INFORMATION - Continued

Carcinogenicity: Not available

Others: Chronic effects:
Muhle et al. reported pulmonary response upon chronic inhalation exposure in rats to a toner enriched in respirable-sized particles compared to commercial toner. No pulmonary change was found at 1 mg/m³ which is most relevant to potential human exposure. A minimal to mild degree of fibrosis was noted in 22% of the animals at 4 mg/m³, and a mild to moderate degree of fibrosis was observed in 92% of the animals at 16 mg/m³. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lung for a prolonged interval.

SECTION 12 ECOLOGICAL INFORMATION

Mobility: Not available.

Persistence / Degradability: Not available.

Bioaccumulation: Not available.

Ecotoxicity: Not available.

Other Adverse Effects: Not available.

SECTION 13 DISPOSAL CONSIDERATION

Method of Disposal: Disposal should be subject to federal, state or local laws.

SECTION 14 TRANSPORT INFORMATION

UN #: None
UN Shipping Name: None
UN Classification: None
UN Packing Group: None
Special Precautions: None

Date of Issue: February 16, 1994
Revised: December 13, 2000
SECTION 15  REGULATORY INFORMATION

EU Information:

Information on the Label:
Symbol & Indication: Not required
R-Phrase: Not required

S-Phrase: Not required

Dangerous Component(s): None

Specific Provisions in Relation to Protection of Man or the Environment:
76/769/EEC: Not regulated.
(EC)2037/2000: Not regulated
(EEC)2455/92: Not regulated
Others: None.

USA Information:
Information on the Label
Signal Word: Not required
Hazard warning: Not required

Safety Advice: Not required

Hazardous Component(s): None.
