LIGHT PRODUCTION SOLUTIONS

advancing business
Exceptional power
- Advanced imageCHIP system architecture
- 80GB HDD standard; up to 1TB HDD
- 2GB RAM standard; 2.5GB RAM maximum

Impressive speed
- Up to 75/70 ppm (C9075) and 65/65 ppm (C9065) (BW/Color; Letter)
- Up to 200-/140-ipm single-pass duplex scanning at 300 dpi (BW/Color)

Flexible in-line finishing options
- Multiposition stapling, 2- and 3-hole punching, booklet-making, booklet trimming (face), professional punching
- Z-fold, C-fold, Accordion Z-fold, Half-fold, Double Parallel Fold
- Post-process document insertion

Robust paper handling
- Up to 9,300-sheet maximum paper capacity
- 14 lb. Bond to 110 lb. Cover
- Plain, heavy, coated, tabs, envelopes

Workflow solutions
- imageRUNNER ADVANCE Essentials
- Advanced Box document sharing solution
- Adobe® PostScript® 3™ and Adobe PDF formats
- Scan/print via USB
- ColorPASS/imagePASS/MicroPress
- uniFLOW v5.0

Strong environmental focus
- ENERGY STAR® qualified
- Reduction of CO₂ emissions in manufacturing process
- Exceeds EU RoHS Directive standards

C9075 PRO
- Copy/Print/Send/Fax/Store
- Up to 13" x 19-1/4"
- Up to 1200 x 1200 dpi
- Color

C9065 PRO
An outstanding investment
To win in today’s marketplace requires the ability to grow your revenue and improve your profitability. Success demands standout performance, stellar productivity, and absolute versatility. Introducing the imageRUNNER® ADVANCE C9075 PRO/C9065 PRO systems—you never imagined your return on investment could be this good.

A revolutionary approach
With a dramatically new platform, the Canon imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems will transform the way you work. Designed to satisfy the specific needs of corporate in-house print facilities, commercial on-demand print centers, and design agencies, these digital color printing systems provide outstanding value in every way.

Delight your customers
Exceptional image quality. An extensive choice of media. Multiple finishing options. From brochures to mailers to catalogs, your output will make a striking impression. And in return you’ll have increased opportunities to grow your business.

Reliable productivity
Your operation will keep humming with these imageRUNNER ADVANCE systems. Exceptional processing speeds keep work moving at a rapid pace. Automated features minimize downtime and maximize productivity. And with Canon’s recognized reliability, you can count on virtually nonstop operation.

Workflow simplified
From start to finish, the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems streamline every part of your production process. With powerful tools and centralized control, operators can smoothly monitor jobs from prepress to finishing. Complicated or repeated tasks can be performed with the touch of a single button. And sophisticated applications ensure that accurate color is achieved with amazing ease and at top speed.

More of everything in much less space
Now, light production environments can enjoy the powerful functionality previously reserved for large production facilities—all within a design that saves space and energy. With Canon’s imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems you’ll have the resources to advance your business—now and in the future.
Sharp, rich, amazingly vibrant images. All with Canon’s advanced technologies.

Lots of innovation
Canon’s noted expertise in color imaging and its ongoing commitment to R&D have resulted in a range of advanced technologies that deliver outstanding image quality time after time. Here are a few that make the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems stand out.

Exceptional image quality
Canon’s next-generation imaging systems deliver stunning image quality with astonishing speed. True 1200 x 1200 dpi print resolution produces crisp text with smooth corners, while subtle gradient transitions give images remarkable clarity.

Precise eight-beam red lasers have a small diameter to produce high-quality images with proper shading and accurate registration. Even more impressive, this technology achieves spectacular results without sacrificing productivity.

Precise registration
Accurate registration is achieved with impressive precision in the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems. A new cassette design ensures that every page enters the printer at the same location, and manual adjustment features offer each user greatly expanded control over alignment. For duplex documents, front-to-back registration can be precisely matched on every paper type within one millimeter, to help prevent images from being misaligned and to give you a professional result.

Reliable color consistency
Critical to your operation is the ability to deliver accurate and consistent color. The imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems make this simple. With Auto Gradation Adjustment, densities and halftones are adjusted to their ideal level. Real-Time Calibration helps maintain this level by making automatic, real-time adjustments during print runs.

The imageRUNNER ADVANCE models now support spot color matching with PANTONE® certification. With the named color profile* for PANTONE, it will help graphic-intensive environments achieve the highest color output quality along with consistent color management from creation to print.

pQ Toner
Canon’s new pQ toner is oil-free and uses small particles containing micro-dispersed wax, so the toner fixes evenly and lies flat. The result? Sharp, vivid, dense images, improved gloss levels, and a smooth finish.

*pQ Toner cartridges

*Requires the Canon PS Printer Kit-AD1. Named color profiles refer to profiles compatible with the colors found within the current PANTONE MATCHING SYSTEM® and PANTONE Goe® System Coated Publications.
Keeps running
Slowdowns and interruptions cost you time and money. That's why Canon designed the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems with a range of automated features that minimize downtime and maximize productivity.

With greater toner and drum yields and remote notification of low supply inventory, you’re always prepared. Even better, toner and paper can be replenished on-the-fly—no need to interrupt a job.

A paper capacity of up to 9,300 sheets ensures that long jobs can run without having to stop for paper replenishment. If the correct paper size or stock is temporarily unavailable, the system can hold that job in the queue and begin the next job without delay. And, when you’re printing on three tabs from a bank of five, the other two can automatically be kicked out to a separate tray.

Reliably ahead
Canon builds in signature reliability. And thanks to remote service monitoring, automated dispatching, and a synchronized hard-drive backup, users can count on virtually nonstop operation. With access to the latest technology and simple, clear upgrades, you can power through your jobs, giving you more time to devote to other business areas.

Designed for speed
Thanks to Canon’s new Advanced imageCHIP System architecture, you can achieve the exceptional processing speed your work demands. Two processors work together to deliver outstanding connectivity and quality.

Documents are output at amazing speeds of up to 75/65 ppm (C9075) and 65/65 ppm (C9065) (BW/Color). And the Single-pass Duplex Color Scanner converts paper documents into digital files at up to 200-/140-ipm at 300 dpi (BW/Color).

Work easier
The interface was designed for maximum ease of use. Functions are quickly initiated with clearly identifiable on-screen buttons that can be organized to fit the way you work. And users will appreciate the ability to adjust and tilt the upright panel to a comfortable position.

By streamlining steps, the imageRUNNER ADVANCE C9075 PRO/C9065 PRO models help you compose and manage print jobs and generate output more rapidly. Repetitive or complicated tasks can be assigned to a single button on the interface, speeding workflow and improving accuracy. The minutes saved at every step add up to big increases in effectiveness and cost savings.

Main Menu
Customize the number, size, and layout of the function buttons, and select a background.

Quick Menu
Combine and access commonly performed tasks with just one button.

9,300-sheet maximum paper capacity

Exceptional ease, stunning speeds, excellent uptime. Truly profitable productivity.
Quality, productivity, versatility. Designed to advance your business.

Now light-production environments can enjoy the powerful functionality previously reserved for large production facilities.

Finishing Options

- Stapler Finisher
  - 3-tray, 4,250-sheet capacity
  - 100-sheet, multiposition stapling
  - Up to 100 lb. Cover, coated, heavy, plain, and tabs

- Paper Folding Unit
  - Z-fold, C-fold, Half-fold, Accordion Z-fold, and Double Parallel Fold

- Professional Puncher
  - Includes Integration Unit
  - Up to 80 lb. Cover
  - Letter-sized only, tabs
  - Supports various die sets
  - 25,000-sheet capacity
  - Finish punched output

- Internal Booklet Trimmer
  - Face trim

- Document Insertion Unit
  - Insert preprinted sheets
  - Up to 13” x 19-1/4”
  - Two trays
  - 400-sheet total capacity

- Booklet Finisher
  - 3-tray, 4,250-sheet capacity
  - 100-sheet, multiposition stapling
  - Up to 100 lb. Cover, plain, heavy, coated, and tabs
  - 20-sheet saddle-stitching up to 13” x 19-1/4”
  - V-fold up to 5 sheets without staple
Memory Media
- Scan to or print from USB thumb drive or memory media
- Optional multimedia reader/writer supports SD, SDHC, CompactFlash, Memory Stick, Microdrive

User Interface
- 10.4” TFT high-resolution touch-screen
- Tilt-and-swivel capability
- Customizable UI screen

Single-Pass Duplex Document Feeder
- 300-sheet capacity
- Duplex scan speed up to 200/140 ipm (BW/Color) at 300 dpi

Keyboard
- External keyboard (optional)
- Connects via USB interface

Standard Paper Capacity
3,400-sheet total standard paper capacity:
- 2 x 1,100-sheet paper drawers (Letter)
- 2 x 550-sheet paper cassettes (13” x 19-1/4”)
- 1 x 100-sheet multipurpose tray

Print Versatility
- UFR II (standard)
- PCL 5c/6 (optional)
- Adobe PostScript 3 (optional)
- imagePASS, ColorPASS, MicroPress (optional)

Multi-Drawer Paper Deck
- 3-drawer, 6,000-sheet total capacity (20 lb. Bond)
- 13” x 19-1/4” maximum paper size
- 14 lb. Bond to 110 lb. Cover, plain, heavy, coated, and tabs

POD Deck Lite
- 3,500-sheet capacity (20 lb. Bond)
- 13” x 19” maximum paper size
- 14 lb. Bond to 110 lb. Cover, plain, heavy, and coated

Paper Deck Unit
- 3,500-sheet capacity (20 lb. Bond)
- 8.5” x 11” maximum paper size
- 14 lb. Bond to 80 lb. Cover, plain, and heavy
Greater options. Tighter connections.
A host of ways to increase your revenue and profitability.

Greater opportunities
With advanced paper handling and multiple finishing capabilities, the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems handle a wide range of jobs efficiently and cost-effectively. From saddle-stitched booklets to direct mail pieces to marketing collateral, you’ll be able to satisfy your customers’ varying needs. And with the extensive versatility the systems offer, you’ll be able to enter new markets profitably.

The right paper for the job. Enjoy high-quality output whether printing on coated, matte, or specialty stocks in weights from 14 lb. Bond to 110 lb. Cover. Handle sheet sizes from 5-1/2” x 7-1/8” to 13” x 19-1/4”.

A professional finish. Choose from a wide range of in-line finishing options, including multiposition stapling of up to 100 sheets; automatic 2- and 3-hole punching; professional punching with varied punch patterns; preprinted media insertion for covers or page inserts; and saddle-stitching and face-trimming of up to 20-sheet/80-page booklets.

Expanded connectivity
More file formats. Enjoy greater flexibility and accuracy. Using Universal Send, easily convert paper documents to digital form in an expanded range of file formats. These systems support advanced PDF features including Adobe PDF Reader Extensions, Encrypted PDF, Searchable PDF, and more. For outstanding speed across your network, reduce file sizes with High Compression PDF/XPS.

Streamlined job management. Designed to manage workflow for color-centric light production environments, the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems boost productivity. With a complete set of advanced job-management features, tools, and utilities, jobs will move through your shop or office with impressive speed and accuracy.

Customized solutions. Each business has its special needs. Canon MEAP® (Multifunctional Embedded Application Platform) enables the systems to incorporate unique applications, such as cost-recovery and document distribution solutions. By embedding these technologies, users can streamline workflow, eliminate excess hardware, and increase productivity.

Support for the latest technologies. With an eye on the future, Canon is committed to integrating new industry standards to help you grow your digital print business. From creative and submission to finishing and distribution, the imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems are designed to take advantage of existing and cutting-edge technology workflow solutions that enhance efficiency and simplify your production processes.

Create saddle-stitched booklets, direct mailers, folded letters, and more.
The best options

It takes the right combination of make-ready tools and processing power to complete the greatest number of jobs each day with the fewest operators. The imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems are versatile and can be configured to meet your unique workflow needs and business goals.

Control from start to finish

The Canon imageRUNNER ADVANCE C9075 PRO/C9065 PRO systems make it simple to manage and reduce print costs. uniFLOW v5.0 software offers features such as the digital job ticket, which allows you to define properties for complex documents, shortening turnaround times, and the ability to analyze the central print queue for optimal job placement. Streamlined job submission, fast document editing, a document archive, and late editing and pagination save time and reduce errors.

Sophisticated color management

Canon’s color-management tools will give your work a professional edge. EFI® ColorWise® tools ensure consistent delivery of the most precise, accurate colors. The optional Graphic Arts Feature Set for the ColorPASS controller provides added benefits such as color matching, halftone screening, and paper simulation. And the X-Rite Eye-One Process Control system boasts proven prepress and printing technologies to help you calibrate and maintain on-demand color.

Light Production Workflow Options

- **Content Creation**
  - **UFR II/PCL/PS Printer Kits**
    - Cost-effective solutions
    - Make-Ready
      - Easy make-ready with imageRUNNER ADVANCE Desktop and Adobe PostScript, PCL, and UFR II support
  - **ColorPASS/imagePASS**
    - Fast file processing, load balancing, and maximum efficiency
    - Make-Ready
      - Simple setup of complex jobs utilizing Compose and Impose tools of Fiery® SeeQuence Suite
      - Fiery Central and EFI Flow reduce preflighting and support up to 16 engines
      - Color management tools
  - **MicroPress**
    - Job assembly tools for creation of documents with tabs, chapters, and color substitutions
    - Make-Ready
      - Save time by editing files after they’re RIPped with TruEdit
    - MicroPress
      - • Manage and distribute all print jobs
      - • Support up to 12 engines
    - Command WorkStation
      - • Schedule and monitor print jobs
    - Command WorkStation
      - • Monitor and control jobs
    - job Management
      - • Monitor and control jobs
ADVANCED RESPONSIBILITY

Solutions that propel your business while reducing our environmental footprint—and yours.

**Reduction of CO₂**
Through its Life Cycle Assessment (LCA) System, Canon has lowered CO₂ emissions by more than 30% over previous models by focusing on each stage of the product life cycle, including manufacturing, energy use, and logistics. These products are designed to be more compact, with less packaging to make transportation more efficient.

**Eco-friendly design**
Canon is making a difference through creative ecological thinking. The imageRUNNER ADVANCE models employ certain components fabricated with 100% recycled plastic from retired products. Canon’s innovative green technologies also include bio-based plastic, a plant-derived compound that replaces certain petroleum-based plastic parts.

**Greater energy efficiency**
From the inside out, the imageRUNNER ADVANCE Series is designed for high energy efficiency and stellar performance. The combination of Canon’s fusing technologies and new pQ toner helps to reduce overall energy consumption by minimizing heat and power requirements. The Series’ new duplex color image reader captures superb-quality images at impressive speeds while using less energy than ever. Canon’s new Induction Heating Fusing System reduces power use in digital multifunction systems by up to an astonishing 30% over the previous model.* And when systems are in Sleep Mode, power consumption is 1.5W or less. With advanced technologies present in each model, the Series meets ENERGY STAR® standards.

**Reducing pollution**
All suppliers are required to meet Canon’s stringent Green Procurement policy and environmental terms. This helps Canon exceed the toughest global standards set by the EU RoHS Directive, which requires the restriction of six specified hazardous substances. Canon currently restricts the use of 33 such substances.

## Product Specifications

### Output Options (continued)

#### Puncher Unit-B/FP
- **Acceptable Punch Paper:**
  - 14 lb. Bond to 140 lb. Index (52 to 256g/m²)
- **Acceptable Punch Paper Size:**
  - 11" x 17", Legal, Letter, Letter-R
  - 2 Holes (Legal, Letter-R)
- **Acceptable Punch Paper Type:**
  - Thin, Plain, Heavy, Color, Recycled, Tab, Bond, Letterhead, Coated, Textured
- **Acceptable Punch Paper Weight:**
  - 14 lb. Bond to 110 lb. Cover (52 to 300g/m²)

#### Inner Booklet Trimmer-A1
- **Trimming Capacity:**
  - 40 Sheets (2-20mm)
- **Waste Tray:**
  - 1500 Sheets of Trimmed Strip (Width 0.78")
  - 20 lb. Bond (80g/m²)
- **Acceptable Paper Weight:**
  - 16 lb. Bond to 110 lb. Cover (60 to 300g/m²)
- **Acceptable Paper Type:**
  - Thin, Plain, Heavy, Recycled, Color, Coated
- **Output Tray Capacity:**
  - 30 Booklets

#### Professional Puncher-CI/Professional Puncher Integration Unit-B/II
- **Acceptable Punch Paper:**
  - Letter (3-hole, 5-hole, Velcro)
  - Bond 1-hole, Plastic Comb 19-hole, Twin Loop 21-hole, 32-hole, Color Coil 44-hole
  - 20 lb. Bond to 80 lb. Cover
- **Acceptable Punch Paper Size:**
  - 75 to 296g/m² (Letter Plio/Click 32-hole)
  - 20 lb. Bond to 65 lb. Cover (75 to 165g/m²)
- **Acceptable Punch Paper Type:**
  - Plain, Heavy, Color, Recycled, Tab, Coated
- **Acceptable Punch Paper Weight:**
  - 14 lb. Bond to 28 lb. Bond (52 to 105g/m²)
- **Acceptable Paper Weight:**
  - Double-Fold Folio (52 to 105g/m²)
- **Acceptable Paper Size:**
  - Accordion Z-Fold, Half-Fold, Double-Fold Folio

#### Print Driver
- **Print Driver:**
  - Adobe PS 3: Windows
- **Supported OS:**
  - Macintosh
  - OS X 10.3.9 or later

#### ColorPASS-GX3000
- **Type:**
  - External
- **Processor:**
  - Intel Core2 Duo Xeon E8400 2.66GHz
- **System:**
  - System 9 Release 2
- **Memory:**
  - Standard: 2GB
  - Maximum: 2GB
- **Hard Disk:**
  - 160GB
- **Driver:**
  - Standard (DVD-RW)
- **Interface Connections:**
  - 10/100/1000Base-T (RJ-45)
- **PDL Support:**
  - Adobe PS 3
  - Adobe PDF (for PDF/XPS-HI)
  - Secure Watermark-A1
  - Copy Card Reader-A1
  - Universal Send Advanced Feature Set-DI
  - Universal Send Security Feature Set-DI

### Other Optional Accessories
- **Copy Tray-A1**
- **Utility Tray-A1**
- **USB Keyboard**
- **Key Switch Unit-B1**
- **Copy Card Reader-A1**
- **Draft Label Kit**
- **ADF Access Handle-A1**
- **Copy Control Interface Kit-A1**
- **imageRUNNER ADVANCE ESSENTIALS**
- **PCL Printer Kit-AD1**
- **Remote FAX Kit-A1**
- **Secure Watermark-A1**
- **Voice Guidance Kit-F1**
- **Voice Operation Kit-F1**
- **USB Device Port-A1**
- **Remote Operation Kit-C1**

### Printer Options
- **imagePASS-A1**
  - Type: Embedded
  - Processor: Intel Core2 Duo T2500 2.0GHz
  - System: System B Release 2
  - Memory: Standard: 512MB
  - Maximum: 1GB
  - Hard Disk: 80GB
  - Interface Connections: 10/100/1000Base-T (RJ-45)
  - PDL Support: Adobe PS 3/PCL Sc/PCL 6

**NOTE:** Some accessories require additional equipment or may be prerequisites for other options. Always check with your Authorized Canon Dealer for details.
