Step 15

Press the **OK** button.

Step 16

You will return to the “Fax standby screen” and the receive mode will appear on the screen.
Receiving A Fax

To receive a fax:
• Pick up the handset on the phone connected to the MX392.
• Listen for fax tones.
• When the tones stop hang up the handset.
• The MX392 will receive the fax document.

To receive a fax while you are away:
• The answering machine will answer the call.
• If fax tones are heard by the MX392 it will take over the call and receive the fax document.

IMPORTANT: In order to receive a fax, you must either pick up the handset on a phone that is connected to the MX452 or let your answering machine answer the call.
