Use the LEFT or RIGHT button to select “ON”.
Step 15
Press the **OK** button.

Step 16
You will return to the “Fax standby screen” and the receive mode will appear on the screen.
Receiving A Fax

To receive a fax:
- Pick up the handset on the phone connected to the MX452.
- Listen for fax tones.
- When the tones stop hang up the handset.
- The MX452 will receive the fax document.

To receive a fax while you are away:
- The answering machine will answer the call.
- If fax tones are heard by the MX452 it will take over the call and receive the fax document.

IMPORTANT: In order to receive a fax, you must either pick up the handset on a phone that is connected to the MX452 or let your answering machine answer the call.
