## Step 17

Confirm “TEL priority mode” is highlighted and then press the **OK** button.

## Step 18

You will return to the “Fax standby screen” and ‘TEL priority’ will appear on the screen.

# Receiving A Fax

To receive a fax:

- Pick up the handset on the phone connected to the MX922.
- Listen for fax tones.
- When the tones stop hang up the handset.
- The MX922 will receive the fax document.

To receive a fax while you are away:

- The answering machine will answer the call.
- If fax tones are heard by the MX922 it will take over the call and receive the fax document.

**IMPORTANT:** In order to receive a fax, you must either pick up the handset on a phone that is connected to the MX922 or let your answering machine answer the call.
