

# CANON PRODUCT GUIDE

## SPRING SUMMER 2019

### CONSUMER & PROFESSIONAL PRODUCTS

#### EOS CAMERAS

Canon's EOS cameras continue to advance picture quality with proprietary Canon technology. Canon lenses, image sensors and image processors combine decades of photographic expertise with leading-edge digital technology.

#### EOS-1D X Mark II

The EOS-1D X Mark II camera features a 20.2 Megapixel Full-Frame CMOS sensor, Dual DIGIC 6+ Image Processors, and ISO up to 409600 (in H3 mode). It also offers continuous shooting up to 14.0 fps\* (up to 16.0 fps\* in Live View mode), 4K video recording up to 60 fps, and can record to CFast 2.0\*\* cards through its new CFast\*\* card slot.

#### EOS 5D Mark IV

The EOS 5D Mark IV features a 30.4 Megapixel Full-Frame CMOS sensor, a DIGIC 6+ Image Processor, and native ISO up to 32000 and Dual Pixel CMOS AF. It offers continuous shooting up to 7.0 fps\*, 4K video at 24p and 30p, in-camera still frame grab\*, built-in Wi-Fi\*\* and NFC\*\* for easy sharing, and built-in GPS\*.

#### EOS 6D Mark II

Features include a 26.2 Megapixel Full Frame CMOS sensor, DIGIC 7 Image Processor, ISO up to 102400 (in H2 mode), 45 all cross-type AF points\*, Dual Pixel CMOS AF, Full HD 60p video, a Vari-angle Touch Screen LCD, EV-3 for low-light situations, built-in GPS\*, Wi-Fi\*\*, NFC\*\* and Bluetooth\*\*.

#### EOS R

The EOS R is a compact, full-frame 30.3 megapixel camera that works seamlessly with the new RF lenses as well as with EF/EF-S lenses using any of the three EF-EOS R mount adapters. It's equipped with Dual Pixel CMOS AF, Silent Shutter shooting, 4K video capability, a vari-angle LCD, and a multi-function bar for control customization.

#### EOS RP

The EOS RP is our lightest and smallest EOS full-frame camera\*, making it highly portable and appealing for anyone looking to step up from an APS-C camera or even a smartphone. With lens flexibility, custom controls, a built-in EVF, a vari-angle LCD, special scene modes and more, the EOS RP is great for travel as well as every day shooting.

#### EF and RF Lenses

A large variety of lenses are available for use with your compatible EOS SLR, EOS M, or EOS R camera. The new RF lenses work solely with the EOS R series cameras and feature fast communication speeds and a control ring for added customization, with EF/EF-S lenses also compatible with the EOS R series cameras using any of the three new EF-EOS R mount adapters.

#### M-SERIES: EOS COMPACT ILC

EOS cameras represent a tradition of quality, reliability and performance. The EOS M family carries on that tradition and fits advanced performance into portable and lightweight packages. The M-Series includes the EOS M5, M6, M50 and M100 models.

#### EOS M50

The EOS M50 features a built-in OLED EVF, Touch and Drag AF, 4K video and 120p HD video, a 24.1 megapixel CMOS (APS-C) sensor, new DIGIC 8 Image Processor, ISO up to 51200, and Automatic Image Transfer to compatible devices. It is compatible with Canon EF and EF-S Lenses (via an adapter). Other features include Wi-Fi\*\*, NFC\*\* and Bluetooth\*\*.

#### POWERSHOT DIGITAL CAMERAS

The PowerShot digital camera line combines style and design with the latest imaging technology from Canon, including the Canon HS SYSTEM, Full HD and even 4K (SX740 HS only).

#### PowerShot G1 X Mark III

With a 24.2 Megapixel APS-C CMOS sensor, this camera contains a 3x Zoom Lens with OIS, built-in EVF, DIGIC 7 Image Processor, ISO up to 25600, Dual Pixel CMOS AF, touch and drag AF, Panoramic Shot Mode and Full HD 60p video. Other features include built-in GPS\*, Wi-Fi\*\*, NFC\*\* and Bluetooth\*\*.

#### PowerShot G9 X Mark II

The PowerShot G9 X Mark II features a 1.0-inch, 20.1 Megapixel CMOS sensor, a new DIGIC 7 Image Processor, a bright f/2.0-f/4.9 lens with 3x optical zoom, and high ISO for great low-light results. It has a 3.0-inch touch panel LCD, and built-in Wi-Fi\*\*, NFC\*\* and Bluetooth\*\* for easy sharing and remote control via compatible devices.

#### PowerShot SX740 HS

The PowerShot SX740 HS features a long 40x optical zoom that brings you right into the center of any scene and is the first PowerShot camera equipped with 4K video capabilities, providing brilliant detail, color and quality.

#### PowerShot SX60 HS

The PowerShot SX60 HS features a 65x Optical Zoom with OIS, 16.1 Megapixels\*, DIGIC 6 Image Processor, 1080p Full HD Video at 60 fps, external microphone input, Intelligent IS and Zoom Framing Assist. It also has a high speed AF, 6.4 fps, bright 3.0-inch Vari-angle LCD, an Electronic Viewfinder and built-in Wi-Fi\*\* and NFC\*\*.

### VIXIA CONSUMER CAMCORDERS

Powered by decades of optical excellence and technical dominance, Canon VIXIA camcorders deliver superb video image quality, making them perfect for capturing life's precious moments.

#### VIXIA GX10

Brilliant, lifelike video is possible with the VIXIA GX10, Canon's first 4K UHD consumer camcorder. It includes a large 1.0 inch CMOS sensor and a 15x optical zoom lens in a compact, portable design, delivering video with stunning detail. For the video enthusiast or aspiring professional, the VIXIA GX10 is equipped to meet your needs.

#### VIXIA HF G50

The VIXIA HF G50 combines amazing features such as 4K with an advanced 20x Optical Zoom lens and impressive image stabilization to provide dramatic color and detail.

#### VIXIA HF W11/W10

Featuring a waterproof, shockproof, freezeproof and dustproof design, the durable and portable VIXIA HF W11/W10 camcorders are ready for any adventure. With a powerful 40x Optical Zoom lens, long-life rechargeable battery, internal memory and more, you can feel confident you'll capture the scenes you want, wherever they take place.

#### 14x32 IS II

With a high magnification ratio of 14x, Lens Shift Image Stabilization and Powered IS Function, Canon's 14x32 IS binoculars bring details up close while providing a steady image. With an ergonomic design, these IS binoculars are comfortable to use even for extended periods of time. Powered IS technology is activated with the press of a button.

### CINEMA EOS SYSTEM

The Cinema EOS System is a digital cinematography system which includes a series of Cinema cameras, 4K Cinema lenses, and Canon's comprehensive Service & Support network and education resources that are designed to help cinematographers tell their story the way they imagine it.

#### EOS C700 FF

The EOS C700 FF is the flagship model in the Canon Cinema EOS lineup. It features a brand new Canon Full Frame 35mm CMOS sensor capable of recording 5.9K RAW images using the optional RAW recorder, with support for Anamorphic lenses. The EOS C700 FF is available in PL and EF-mount options.

#### EOS C200

The EOS C200 has a built-in electronic viewfinder, 4-inch touch screen LCD monitor, and a versatile handle and handgrip. It records 4K RAW to a CFast\*\* 2.0 card in Cinema RAW Light format, and 4K UHD and Full HD in MP4 to SD cards. Other features include an 8.85 Megapixel Super 35mm CMOS sensor, 13 stops of dynamic range, Dual Pixel CMOS AF, and compatibility with Canon EF lenses.

#### EOS C100 Mark II

Optimized for one-person use, the EOS C100 Mark II camera features Canon's Super 35 CMOS sensor and DIGIC DV 4 Image Processor. The dual codec compatibility supports simultaneous AVCHD and MP4 recording. The camera's EF-mount enables compatibility with Canon Cinema, EF and EF-S lenses.

#### ME20F-SH

The ME20F-SH features a full-frame 35mm, 2.2 Megapixel CMOS image sensor with an amazing pixel size of 19 microns in a multi-purpose EF-mount camera body. Its maximum ISO of 4,000,000 enables the capture of color Full HD video with reduced noise in ultra low-light conditions, while its body design allows easy custom configurations.

### BROADCAST LENSES

A recognized leader in providing high-performance lenses, Canon's wide selection of Field, Studio, and Portable Broadcast lenses are offered to meet a diverse range of production needs and budgets.

#### UHD-DIGISUPER 122 UJ122x8.2B & UHD-DIGISUPER 111 UJ111x8.3B 4K Premium Field Lens

Advanced Image Stabilization for 122x and 111x zoom premium 4K imagery.

#### UHD-DIGISUPER 66 UJ66x9B 4K Field Lens

State-of-the-art optics and precision servo performance in a studio lens.

#### CJ45ex9.7B/13.6B CJ25ex7.6B 4K UHD Portable Production Lens

The UHDxs CJ45ex9.7B/13.6B zoom lenses feature a 45x zoom ratio to meet sports, natural history, and helicopter/aerial applications, while the UHDxs CJ25ex7.6B lens is ideally suited for documentary and TV field production. The UHDxs series provides 4K UHD quality at prices more accessible to the majority of the broadcast market.

### CINEMA LENSES

Canon offers a diversified line-up of 4K Cinema Lenses to suit various shooting styles, applications and budgets for both movie and television productions. Lenses include Zoom, Compact Zoom, CINE-SERVO, COMPACT-SERVO, Prime, and our newest addition - Sumire Prime Lenses.

#### Canon's new line of Sumire Prime lenses

Canon's new line of Sumire Prime lenses (pronounced "Soo-mee-ray") offer an artistically pleasing look with gentle and beautiful skin tones and smooth bokeh which are designed for use with large-sensor cinema cameras.

### INKJET PRINTERS

With core technology such as the FINE print head, our entire line of inkjet printers, from Professional models to Office and Photo All-In-Ones, delivers exceptional quality and speed.

#### imagePROGRAF PRO-1000 17" Professional Photographic Inkjet Printer

This 17" x 22" professional inkjet system does it all. With advanced features such as Anti-Clogging Technology, an Air Feeding System and No Switching of Black Inks, it's arguably one of the best printers we've ever engineered.

#### PIXMA TS9520 Wireless Inkjet All-In-One Printer

Meet the PIXMA TS9520 - the perfect everyday all in one printer. With AirPrint\*, Mopria\* Print Service and Wi-Fi\*\* built-in, its ready to connect to all your favorite devices. It has a 5-Color Individual Ink System perfect for photos and documents, and can support various paper types and sizes, from 3.5"x3.5" up to 11"x17".

### ZINK TECHNOLOGY

ZINK\*\* stands for "ZERO INK" printing technology. Instead of ink, ZINK printers use colorful dye-based crystals embedded inside the paper.

#### INSTANT CAMERA PRINTER + APP

The Canon IVY CLIQ+ is a small and fun Instant Camera and Mini Photo Printer that can fit in your pocket so you can take it anywhere! The IVY CLIQ+ features a large 2" Selfie Mirror with an 8 LED ring light for great looking selfies! Other Canon IVY products with ZINK Technology are the IVY CLIQ, and IVY Mini Photo Printer.

### WIRELESS PRESENTERS

Convenient control for all your high impact presentations.

#### PRS-G and PRS00-R

Present confidently with the PRS-G and PRS00-R Wireless Presenters. The PRS-G features a bright green laser with a 100-foot range and superb battery life, and the PRS00-R has a vibrant red laser with a 65-foot range. Both feature intuitive Slideshow Controls, and are compatible with both Mac & Windows.

### PROFESSIONAL CAMCORDERS

Canon professional camcorders are designed to meet the needs of discerning videographers. Our legendary optics and a host of advanced features and technologies deliver the image quality, control and integration necessary to help accomplish even the most demanding projects.

#### XF705

The new XF705 Professional Camcorder puts impressive 4K UHD 4:2:2 10-bit recording capabilities into a compact and portable design, and is the first Canon camcorder to adopt the H.265/HEVC codec. Featuring a 1.0-inch CMOS sensor, HDR (HLG/PG) recording, Dual Pixel CMOS AF and more, the XF705 is ideal for capturing news, documentaries, sports and other events.

#### XF405

The XF405 delivers 4K UHD video in a compact, portable design. It includes a large 1.0 inch CMOS sensor and a 15x optical zoom lens for detail-rich video, an HDMI 2.0 terminal with 4K UHD output support, two XLR terminals with independent audio level control, and a 3G-SDI output that supports integration into professional workflows.

#### XA15/XA11

The compact and lightweight Canon XA15/XA11 are ideal grab and go professional cameras that fit in perfectly with today's fast-paced newsgathering needs. Featuring an HD CMOS Pro sensor, a 20x zoom lens and both AVC and MP4 codecs, it is a truly versatile solution.

### DOCUMENT AND PHOTO SCANNER

With exceptional color reproduction, CanoScan scanners quickly produce superb scans from both photos and documents. Auto Scan Mode analyzes what is being scanned and instantly adjusts the appropriate settings for the best possible scan.

#### CanoScan LiDE 400 Color Image Scanner

With the CanoScan LiDE 400, high-quality scanning is easy. It features 8 second high-speed scanning, 5 built-in "EZ" buttons and 4800 x 4800 dpi resolution, so every scan is fast, easy, and looks great.

### 4K REFERENCE DISPLAYS

Canon's reference displays are designed to support image quality review of 4K digital cinema or 4K UHD program material during all phases of origination and post-production.

#### DP-V1710/DP-V2411

The HDR DP-V1710 / DP-V2411 4K/ UHD Reference Displays, in 17-inch and 24-inch sizes, provide extensive support at shooting locations, in control rooms, and broadcast stations and OB vans. It provides outstanding picture sharpness, high dynamic range, and a wide DCI compliant color gamut for professional evaluation of content.

#### DP-V2420

Canon's DP-V2420 display qualifies as a Dolby Vision\*\* mastering monitor and complies with the ITU-R BT.2100-0 HDR standard, which specifies a peak luminance 1000 cd/m2 and a minimum luminance 0.005 cd/m2. It can be used as an on-set reference display, to support post production workflows, and in television broadcast.

### REALIS PRO AV LCOS PROJECTORS

Canon REALIS Pro AV Projectors utilize our proprietary LCOS Technology with AISYS-enhancement to help deliver smooth images with high contrast, brightness and exceptional color reproduction.

#### REALIS 4K6020Z

The REALIS 4K6020Z offers true-to-life 4K DCI Resolution (4096 x 2160), LCOS Technology, Laser Light Source, 6000 Lumens, a dynamic contrast ratio up to 22,000:1, and a wide range of interchangeable lens options to deliver amazing detail and clarity - all within a compact and light-weight form factor. Connectivity is also comprehensive, including HDMI and HDBase\*\*.

#### REALIS WUX7000Z

The REALIS WUX7000Z LCOS Projector combines long-lasting performance, high brightness at 7000 lumens and WUXGA high resolution (1920 x 1200) with a range of interchangeable lens options and advanced features, including a laser phosphor light source, extended operation (up to 20K hrs.), omnidirectional mounting and HDBase\*\*, in a compact, innovative design.

### HD PAN-TILT-ZOOM CAMERAS

Our turn-key HD pan-tilt-zoom products provide outstanding video performance with an open-source protocol to support indoor/outdoor remote video operations.

#### BU-47H

A rugged, outdoor HD PTZ camera system, the BU-47H offers full 1920 x 1080 HD zoom lens (41-173.8mm) with 1.5x digital extender, sturdy waterproof and dustproof design, and open-source protocol.

#### EVERCAM XU-81/ EVERCAM XU-81W

These compact HD PTZ camera systems offer outstanding picture quality a Canon 20x HD Zoom Lens, sturdy waterproof and dustproof design, and open-source protocol. The EVERCAM XU-81W model features a servo ND filter and wiper blade.

### NETWORK CAMERAS

Canon's Network Cameras are ideal for a wide range of industries and applications where color, clarity and quality are essential. Camera models include PTZ, Speed Domes, ultra-compact "Micro" Domes, Tough Vandal-resistant Domes, and traditional Fixed Dome, Box and Bullet-style models.

#### REALIS 4K LASER

The REALIS 4K LASER projectors offer true-to-life 4K DCI Resolution (4096 x 2160), LCOS Technology, Laser Light Source, 6000 Lumens, a dynamic contrast ratio up to 22,000:1, and a wide range of interchangeable lens options to deliver amazing detail and clarity - all within a compact and light-weight form factor. Connectivity is also comprehensive, including HDMI and HDBase\*\*.

#### VB-H45B

This 21 Megapixel network camera boasts a 20x optical zoom delivering Full HD (1920 x 1080) video even in low light, with a minimum subject illumination level of 0.05 lux in color at 1/30 shutter speed. Flexible monitoring and recording with dual H.264 streams is included for excellent versatility and usability, with accurate color reproduction.

### INDUSTRIAL PRODUCTS

Canon continues to support leading-edge industries.

#### FPA-5520iV

The FPA-5520iV in-line stepper is designed to support processes including Fan Out Wafer Level Packaging (FOWLP) and the new High-Resolution (HR) Option provides sufficient Depth of Focus (DoF) to support 0.8 µm processes.

#### FPA-5550iZ2

The FPA-5550iZ2 in-line stepper features a variety of options, including 200 or 300 mm wafer handling, and is designed to provide high-productivity and overlay accuracy for logic, memory and image sensor applications.

#### FPA-3030EX6

The FPA-3030EX6 KrF excimer laser stepper for the age of "Internet of Things [IoT]" devices is designed to support fabrication of analog chips, sensors and communication devices for IoT and power devices.

#### FPA-6300E56a

The FPA-6300E56a KrF scanner supports next-generation semiconductor manufacturing and is an all-in-one solution providing high throughput, high alignment accuracy and fine resolution for 200 and 300 mm wafer processes.

#### Surface Reflectance Analyzer

From automotive paint finish to screen protectors for mobile devices, Canon's Surface Reflectance Analyzer is a portable measuring device that instantly analyzes and evaluates the surface conditions of objects.

#### BN54 S/M Brushless Motors

The inner-rotor armature of these brushless motors provides for a quick response, with 4P/rev Hall IC output for high controllability. Optional gear heads and encoders offer expanded versatility.

### HEALTHCARE TECHNOLOGIES

Canon is an industry leader in the healthcare solutions field, offering a full line of DR systems and eye care equipment to help healthcare professionals diagnose various diseases and conditions in the fields of radiology, optometry, and ophthalmology.

#### RadPRO® Mobile 40k W FLEX PLUS Digital X-Ray System

This mobile X-Ray system incorporates a telescopic column for safe and easy transport along with effortless positioning. Perfect for hospitals, clinics, and imaging centers, it offers mobility and power-saving advantages.

#### RadPRO® OMNERA® 400A Auto-Positioning Digital Radiographic System

Designed to meet the challenges of High-Volume Hospital Imaging Departments, the OMNERA® systems are constructed of rugged, aircraft aluminum and designed with both the patient and technologist in mind.

#### CXDI-710C, CXDI-810C and CXDI-410C Wireless Detectors

Lightweight, IPX7 rated\* and ergonomic detector design are just a few of the beneficial new features of the new series of CXDI Wireless Digital Detectors.

#### Microfocus X-ray Source G-311 D-series

Designed for high resolution and high contrast imaging (7 µm L/S at 10 W) simultaneously, this source features a thin diamond window, wide cone angle, fast image capture, quick warm up, and embedded pulse mode. It is useful for in-line/off-line non-destructive X-ray inspections, such as radiography and CT.

#### CR-2 PLUS AF Digital Non-Mydriatic Retinal Camera

The CR-2 PLUS AF Retinal Camera offers fast, accurate autofocus, easy operation and provides color and Fundus Autofluorescence (FAF) imaging with a small, compact design.

#### GM1010/GM1015 Digital Galvano Scanners

These high precision Galvano scanners obtain superb temperature characteristics by employing Canon proprietary optical encoders and high-speed digital servo controllers.

### HEALTHCARE TECHNOLOGIES

Canon is an industry leader in the healthcare solutions field, offering a full line of DR systems and eye care equipment to help healthcare professionals diagnose various diseases and conditions in the fields of radiology, optometry, and ophthalmology.

Specifications and availability subject to change without notice. All viewscreen and output images simulated.

\* As of February 13, 2019

\*\* Image processing may cause a decrease in the number of pixels.

\*\*\* Canon is an authorized licensee of the CFast 2.0\*\* trademark, which may be registered in various jurisdictions.

\*\*\*\* Saving a still image from a single movie frame does not result in the same image quality as a normal still image.

\*\*\*\*\* Continuous shooting speed may vary based on the aperture and lens being used and conditions of the subject.

\*\*\*\*\* The number of AF points, cross-type AF points and Dual cross-type AF points vary depending on the lens used.

\*\*\*\*\* Compatible with iOS versions 8.0/9.0/10.2, and Android\*\* smartphone and tablet versions 4.1/4.2/4.3/4.4/5.0/5.1/6.0/7.0/7.1. Data charges may apply with the download of the free Canon Camera Connect app. The app helps enable you to upload images to social media services. Please note that these images may contain personally identifiable information that may implicate privacy laws. Canon disclaims, and has no responsibility for, your use of such images. Canon does not obtain, collect or use such images, or any information or data included in such images through the Canon Camera Connect app.

\*\*\*\*\* Compatible with Android\*\* smartphone and tablet versions 4.1/4.2/4.3/4.4/5.0/5.1/6.0/7.0/7.1.

\*\*\*\*\* Wireless image transfer is compatible only with Canon cameras and camcorders equipped with NFC and compatible in 2015.

\*\*\*\*\* Compatible with Canon cameras and camcorders released in 2010 and later.

\*\*\*\*\* Videos cannot be uploaded to, or viewed/downloaded from, Canon Station through a browser.

\*\*\*\*\* This product is operated through a Web browser installed in terminals such as smartphones, tablets, and PCs; normal operation has been confirmed for the following OSs and Web browsers: Windows 8 and Windows 7, Chrome ver. 36 or later, iOS (OS ver. 6/7), Safari, Android (OS ver. 4.2 or later), Chrome ver. 26 or later. If JavaScript is disabled by the Web browser setting, images will not be displayed properly and you will need to connect the terminal to the same access point or a router as Canon Station.

\*\*\*\*\* Wireless printing requires a working wireless network with wireless 802.11b/g/n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.

\*\*\*\*\* In certain countries and regions, the use of GPS may be restricted. Therefore be sure to use GPS in accordance with the laws and regulations of your country and region. Be particularly careful when traveling outside your home country. As a signal is received from GPS satellites, take sufficient measures when using in locations where the use of electronics is regulated.

## PRODUCTION & OFFICE

### DIGITAL COLOR PRODUCTION PRESSES

The technology employed by Canon's digital color production presses helps meet the needs of in-plants, commercial printers, quick printers, book printers, and design agencies with on-demand printing capabilities and value-added services such as variable data printing. Canon's imaging technology produces outstanding, offset-like image quality.

### imagePRESS C1000VP/C8000VP

This imagePRESS Series of digital color production presses takes imagePRESS quality and productivity to the next level. They deliver print production excellence, application versatility, and turnaround times of up to 100 ipm (LTR) on all supported media (up to 350 gsm) for superb, offset-like output.

### imagePRESS C850/C750

These digital presses offer outstanding reliability at up to 85 ipm. The small footprint, environmentally conscious features, choice of advanced print controllers, and scalable feeding and finishing options make this press an excellent fit for almost every operation.

### imagePRESS C65

Ideal for design professionals and architectural firms, this digital color press helps bring compelling ideas to life in brilliant color.

### imagePRESS C650

This digital color press combines durability, productivity, and versatility with affordability for very light-volume production and demanding office users.

### Océ VarioPrint i-series

Printing up to 8,700 letter sheets per hour, this system is an innovative, digital, sheetfed inkjet press. Featuring PRISMAsync and iQuarius technologies, it's capable of consolidating sheetfed, black-and-white, and color workflows onto one production printing system that can produce up to 10 million letter impressions per month.

### CONTINUOUS-FEED INKJET SYSTEMS

In times of changing customer needs, the unlimited flexibility of your printing system, along with optimal efficiency, help ensure your long-term success.

### Océ ProStream 1000

A powerful and versatile platform for the publishing, direct mail, and commercial markets, the Océ ProStream digital press brings a new level of quality and flexibility to inkjet printing. It features a broad media range including traditional offset coated stocks.

### Océ ColorStream 6000 Series

This Series includes outstanding features and innovations for tomorrow's printing business based on established ColorStream digital inkjet printing technology. The ColorStream 6000 Series fulfills the most demanding requirements of a wide range of applications in a compact design.

### DIGITAL MONOCHROME PRODUCTION PRESSES

Canon's monochrome digital production presses help meet the needs of in-plants, commercial printers, quick printers, book printers, and transactional printers by providing on-demand printing to help reduce inventory cost and providing value-added services such as variable data printing. Canon's monochrome digital presses offer best-in-class quality, productivity, and reliability.

### Océ VarioPrint 6000 TITAN Series

The Océ VarioPrint TITAN Series systems, powered by PRISMAsync and featuring Océ Gemini Instant Duplex Technology, bring superb reliability, near-perfect registration, and unsurpassed productivity to the high-volume, cut-sheet monochrome production market.

### varioPRINT 140/130/115

The Canon varioPRINT 140/130/115 monochrome digital production presses pair DirectPress technology and PRISMAsync operations management with Canon's in-line finishing to help maximize resources and reduce costs.

### LARGE-FORMAT PRINTERS

Canon offers state-of-the-art, large-format printing solutions designed with outstanding speed, flexibility, and quality. And the Océ full line of large-format printers and copiers offers a diverse selection that lets you choose the features and options that are right for your business applications.

### imagePROGRAF PRO-2000

This 11-color plus Chroma Optimizer 24" large-format printer uses LUCIA PRO archival pigment ink, making it suited for the Photography, Fine Art, Graphic Arts, and Proofing markets.

### imagePROGRAF TX-4000 MFP T36

This 44" 5-color, TD Pigment ink printer comes equipped with a T36 scanner and a 15.6" all-in-one touch screen monitor. This integrated system gives users the ability to scan-to-copy/file/cloud/share from almost anywhere in the world.

### imagePROGRAF PRO-6000S

This 60" 8-color printer is built for productivity with the included Multifunction Roll System, making it a versatile solution for production, signage, and commercial photography markets.

### Océ ColorWave 3000 Series Printer

Based on the award-winning Océ CrystalPoint™ technology with over 10,000 units sold worldwide, this compact, all-in-one system serves as both a color and monochrome copier and scanner in an easy-to-use single footprint. Expand application capabilities and create everything from technical drawings to full-color signs and graphics with the widest range of supported media in its class.

### imagePROGRAF TM-305

This 36" 5-color, TD pigment ink printer is equipped with a built-in hard drive, Wi-Fi connectivity, and direct USB thumb drive printing—ideal for technical documents and general-use posters.

### imagePROGRAF iPF670 MFP L24ei

This 24" 5-color, multifunction, large-format printer combines the iPF670 printer with the lightweight Lei Series. The MFP's small footprint and intuitive operation panel make this unit a great fit for low-volume architecture firms, entry-level office users, and grade schools.

### Océ PlotWave 345/365 Systems

Powered by Océ Radiant Fusing technology, these 1-2 Roll systems are the backbone for many small/medium CAD workgroups requiring productivity, advanced security, and ease of use. Walk-up users enjoy simple, intuitive print/copy/scan control via the large, 10.4" color touch screen.

### Océ PlotWave 450/550 Systems

These 2-4 Roll systems provide the print/copy/scan horsepower needed to support mid- to large-size CAD workgroups or print room environments. With support for up to 650" media rolls, enjoy 30% longer uninterrupted printing or fewer roll changes. Produce excellent quality scans or copies, even from dark, folded, or blueprint originals. Print 10 D-sized plots per minute on the PlotWave 550 or eight on the PlotWave 450.

### Océ PlotWave 750 System

This 2-6 Roll workhorse system combines speed, quality, and reliability to help meet complex CAD document challenges in a departmental print setting or a centralized print room environment. With the ability to print nine D-sized plots per minute, the dual footprint design allows the scanner to be physically separated for higher productivity. Multiple scanner options are available to meet specialized needs, including full-fold document folder and rear stacking trays.

### Océ Colorado 1640

The Océ Colorado 1640 printer delivers breakthrough productivity for high-quality indoor/outdoor applications up to 64" wide. On-the-fly quality assurance enables printing without operator intervention. And LED cold curing inerts in prints that are ready instantly and on a wide variety of media.

### INKJET PRODUCTION PHOTO PRINTER

Canon's Production Photo Printer offers the retail photo printing and high-end, print-on-demand (POD) markets outstanding performance and productivity.

### FlatSpread FS-500 Film Hinge Processor

This post-press machine is designed to attach clear film hinges directly to double-sided prints produced by the DreamLabo 5000 Inkjet Production Photo Printer. The prints can then be bound to create a "lay-flat" photo album.

### DreamLabo 5000

The DreamLabo 5000 Inkjet Production Photo Printer's integration of FINE (Full-photolithography Inkjet Nozzle Engineering) print-head technology is designed to offer outstanding photo and text quality. The printer's seven dye-based inks will enhance the color gamut range for more precise color control. The DreamLabo offers an alternative to traditional silver halide processing and, in the case of a digital press business, it can provide a higher premium-quality print to add to its product line.

### Océ Arizona 6100 Series Printers

High-quality results at speeds of up to 1,668 ft./hour can be achieved with the Océ Arizona™ 6160 XTS printer or the Océ Arizona 6170 XTS printer. The ease of use and versatility synonymous with Océ Arizona printers are apparent in this extra-large table design that offers continuous print production of standard-size rigid media, reducing operator intervention. And with the Océ Arizona 6100 HFV Series printer, featuring the innovative High Flow Vacuum, you can easily pull down porous, warped substrates in the blink of an eye.

### Océ Arizona 2200 Series Printers

The Océ Arizona™ 2200 Series models are true flatbed, UV-curable ink printing systems designed for optimum print quality and versatility for both rigid and flexible media applications. Building on the success of their market-leading predecessors, these Océ Arizona models have been designed to serve mid-volume print producers requiring a versatile, productive platform capable of producing high-quality printed output at impressive levels of productivity.

### 2018 BLI BUYERS LAB LINE OF THE YEAR

### ENTERPRISE AND DESKTOP MULTIFUNCTION SOLUTIONS

From small workgroups and offices to large departments and print rooms, Canon's wide range of multifunction printers and integrated solutions offer the technology to help address the document workflow challenges of evolving work environments.

### imageRUNNER ADVANCE C5500 III Series

Designed for demanding office environments, this Series can help improve office productivity and deliver high-quality, color output. An intuitive user experience and support for Canon's holistic business solutions can help transform your business workflows.

### imageRUNNER ADVANCE 4500 III Series

This Series is built to deliver consistent and reliable performance to busy departments and work environments. With an efficient and compact design, these intelligent systems offer an intuitive user experience, and work seamlessly within fleet environments.

### imageRUNNER ADVANCE C7500 III Series

With outstanding image quality, streamlined workflow solutions, and versatile paper handling and finishing options, this Series can help meet the demanding needs of high-volume office environments and small central reprographics departments (CRDs).

### Color imageCLASS LBP712Cdn

This duplex, mobile-ready laser printer features exceptional color output and print speeds of up to 40 ppm offers generous paper handling in an expandable, configurable construction to support paper feeding up to 2,300 sheets. A variety of mobile options keep you printing on-the-go and diversified printer languages provide greater versatility for your printing needs.

### DOCUMENT AND CHECK SCANNERS

Canon's full line of Document Scanners and Check Transports helps improve costs, efficiencies, management, control, security, and compliance. Scanners convert paper-based documents into digital information that can be easily searched, stored, and shared.

### imageFORMULA DR-G2140 Production Scanner

With both USB and Ethernet connectivity, the imageFORMULA DR-G2140 provides businesses with a high-performance, reliable, and flexible scanning solution as part of a robust document management system.

### imageFORMULA ScanFront 400 Networked Scanner

With a user-friendly touch screen interface and intuitive features, this scanner can capture, convert, and share documents efficiently.

### imageFORMULA DR-M260 Office Scanner

With a combination of performance, convenience, and flexibility, this compact imaging solution is ideal for office environments.

### imageFORMULA CR-L1 Check Transport

This check transport is an easy-to-use solution for high-volume batch Remote Deposit Capture (RDC) and remote lockbox check processing. With high-quality image scanning, precise MICR accuracy, and reliable item handling, the CR-L1 check transport can help distributed check processing.

### imageFORMULA P-2081I Mobile Scanner

An ultra-compact size with robust features, this handy scanner is ideal for mobile use at home, in the office, and virtually anywhere in between.

### SOFTWARE OFFERINGS

Canon offers a spectrum of Canon-branded and third-party software products that supports customers in document creation, capture, archiving, management, distribution, access control, accounting, automation, and mobile printing.

- Combining Canon hardware and software helps customers to empower workers, streamline workflow, increase revenue, and minimize operating costs.
- One-touch workflow keys on Canon devices connected to Canon desktop software can help make certain complex processes as simple as touching a button.
- Canon's Device and Output Management solutions help operation managers effectively manage and optimize large fleets from a single point of control.
- Automation of IT and service administration tasks allows for increased efficiencies, while output management solutions deliver a rich set of functionality that can help reduce the cost and maintenance of outstanding print environments in the areas of access control printing, print analysis, and document output accounting.

### PRISMA SUITE

The PRISMA Suite's workflow essentials for production printing help optimize the print production workflow, from job submission to completion, enabling users to adapt, evolve, and grow within ever-changing production print environments. PRISMA integrates islands of automation into end-to-end work processes to help drive print operations to optimal efficiency, enabling new applications.

### imageFORMULA CR-L1 Check Transport

This check transport is an easy-to-use solution for high-volume batch Remote Deposit Capture (RDC) and remote lockbox check processing. With high-quality image scanning, precise MICR accuracy, and reliable item handling, the CR-L1 check transport can help distributed check processing.

### LS-123K Basic Calculators

The LS-123K basic calculator is an ideal calculator for your everyday needs while adding a stylish splash of color. Its compact size, angled LCD and various color options make the LS-123K a great addition to any desk.

### P23-DHV-3 Printing Calculator

The P23-DHV-3 delivers high-performance for your everyday calculations, and a clock and calendar for simplicity, portability and convenience — wherever you go.

### PROFESSIONAL SERVICES

Canon Information and Imaging Solutions, Inc. (CIIS) brings together Canon's world-class imaging technologies and information management expertise to assist organizations in achieving their digital transformation objectives. With a focus on innovation, CIIS's software development and solutions delivery capabilities scale across multiple practice areas: Business Process Automation — including Procure-to-Pay and Order-to-Cash Automation; Document Solutions; Information Management Services with a focus on content capture, management and collaboration; and Security and Infrastructure Management. With expertise in emerging technologies such as artificial intelligence, machine learning, and big data analytics, CIIS deploys its solutions in partnership with leading technology providers and offers comprehensive consulting and professional services that are trusted by organizations of all sizes.

- Professional Services provided by CIIS are designed to tightly integrate Canon and third-party technologies into customers' business applications to help organizations take control over their operations, cash, and risks. The CIIS team of engineers, project managers, and solutions consultants can help organizations automate and transform processes to meet their business goals.

### Canon Solutions America, Inc.

Canon Solutions America has the team of experts to help an organization acquire the right technology, solutions, and services. From pre-sales analysis to post-sales support, its Professional Services Team draws upon decades of technical expertise and real-world experience to help companies obtain the maximum benefit from their technology investment.

### CALCULATORS

Canon calculators incorporate easy-to-use keys that automatically perform complicated applications, all in an attractive design.

### LS-123K Basic Calculators

The LS-123K basic calculator is an ideal calculator for your everyday needs while adding a stylish splash of color. Its compact size, angled LCD and various color options make the LS-123K a great addition to any desk.
