Item Description	Kit Includes
	VIXIA HF R62(US)BODY
• 57x (32.5-1853mm) Advanced Zoom and SuperRange Optical Image Stabilizer helps provide outstanding, steady video.	CA-110 Compact Power Adapter
• Canon 3.28 Megapixel Full HD CMOS Image Sensor.	BP-727(OTH) Battery Pack
• DIGIC DV 4 Image Processor captures video at 1920 x 1080 resolution and helps provide outstanding imaging performance.	Interface Cable IFC-300PCU/S
• Record up to 12 hours of video to a 32GB internal flash drive or directly to a removable SD memory card.	High Speed HDMI Cable HTC-100S
• 1080/60p recording in MP4 (35 Mbps) and AVCHD Progressive (28 Mbps) helps ensure high quality capture of moving subjects.	Getting Started for VIXIA R Series
• Built-in Wi-Fi® allows you to easily share your images and video*.	Guarantee(US,CA)
• Compatibility with optional Camera Pan Table CT-V1 enables you to remotely pan the camcorder up to 200-degrees left to right from a compatible smart device** via Wi-Fi® connectivity.	Transfer Utility LE Start-up Guide
• Dual Recording allows you to simultaneously record movies in MP4 and AVCHD format. Built-in downconversion creates MP4 files for easy sharing on the web.	Registration Recommendation Leaflet
• 3.0-inch capacitive touch panel LCD offers fast, easy and intuitive controls.	
• Advanced Baby Mode selects the optimal camcorder settings for helping to capture your baby's daily growth with ease.	
• High capacity B-727 battery pack helps facilitate extended shooting time so you can capture important moments.	
• Framing Assistance function reduces the zoom magnification when the user loses sight of a subject during zooming, thereby making it easier for the user to zoom in on the subject again.	
• NFC (Near Field Communication) support allows users to easily transfer the content contained inside the camcorder with a compatible Android™ device** or the Canon Connect Station CS100.	
• Live Streaming allows users to record and view live video on your compatible Android™ or IOS® device** and even control your camcorder from a remote location.	
• File Lock Function helps to safeguard against mistakenly deleting files from the camcorder.	
• Slow & Fast motion recording allows you to record fast motion at up to 1200x and with slow motion at 1/2x.	
• Camera Window software is available as a downloaded application, which can make transferring and viewing images and videos on your camcorder fast and easy when using a compatible mobile device.	
* Initial setup is required.	
** Compatible with IOS version 5/6/7 or Android version 2.3/4.0/4.1/4.2 for select devices. Operations not guaranteed with all versions of the supported OS. MP4 35 Mbps and AVCHD 28 Mbps recordings are not supported for this function.
