Item Description	Kit Includes
· EF - M standard zoom lens for EOS M Digital Camera with image stabilization for up to four equivalent stops of shake correction.	EF-M18-55mm 1:3.5-5.6 IS STM
· Compact and lightweight design allows easy portability.	LENS CAP E-52II
· Supports Canon EOS M Digital Camera's Movie Servo AF feature for smooth and quiet continuous AF during video shooting by utilizing a stepping motor.	LENS DUST CAP EB
· Three aspheric lens elements reduce aberration throughout the zoom range, for superb image quality.	Inst. Book
· Circular aperture (7 blades) creates beautiful, soft backgrounds.	Warranty card
· Dynamic IS (Movie Shooting Mode only) delivers a wider image stabilization correction range, making it ideal for shooting while walking.	
· Maximum magnification of 0.25x at the telephoto end.	
· Minimum focusing distance: 9.8 in./0.25m (full zoom range)
