

Canon imageFORMULA DR-G2140

Outstanding Mid-Volume Production Scanner

The Canon imageFORMULA DR-G2140, chosen by Buyers Lab analysts as the winner of the Summer 2019 Pick award for Outstanding Mid-Volume Production Scanner, offers...

- Dedicated onboard image processing chip
- Easy user experience through an intuitive UI at the control panel and through Canon CaptureOnTouch
- Granular, automated batch-processing capabilities
- Modest pricing compared to similar devices in this class

"Between its attractive pricing, easy user experience, and robust batch-processing capabilities, the Canon imageFORMULA DR-G2140 is the perfect choice for mid-volume production scanning environments," said Lee Davis, Editor of Scanner/Software Evaluation at Keypoint Intelligence - Buyers Lab. "Complementing its fast rated scan speeds, the device comes with a built-in, dedicated image processing chip so it can maintain peak speeds regardless of the connected PC's processing power."

"We were particularly impressed with how many batch-processing tasks the imageFORMULA DR-G2140 can handle," said Joe Ellerman, Manager of U.S. Lab Operations at Keypoint Intelligence - Buyers Lab. "The device can be configured to separate batches automatically, route scans to multiple destinations, and capture multiple index fields using zonal OCR and barcodes. This is incredibly beneficial, as it reduces mistakes and allows workers to dedicate more time to completing higher-level tasks."

About Keypoint Intelligence - Buyers Lab

Keypoint Intelligence is a one-stop shop for the digital imaging industry. With our unparalleled services and unmatched depth of knowledge, we cut through the noise of data to offer clients the independent insights and responsive tools they need in those mission-critical moments that define their products and empower their sales.

For over 50 years, Buyers Lab has been the global document imaging industry's resource for unbiased and reliable information, test data, and competitive selling tools. What started out as a consumer-based publication about office equipment has become an all-encompassing industry resource. Buyers Lab evolves in tandem with the ever-changing landscape of document imaging solutions, constantly updating our methods, expanding our offerings, and tracking cutting-edge developments.

About Buyers Lab Pick Awards

Buyers Lab Picks stand alone in the industry and are hard-earned awards as they are based on rigorous testing, including an extensive durability assessment and evaluation of key attributes such as usability, image quality, and value. Each product that passes our lab test earns Buyers Lab's Recommended or Highly Recommended seal and our Certificate of Reliability, with the best performers qualifying as Pick contenders.
