

## DEVICES VALIDATED FOR USE WITH CERNER MILLENNIUM®

From industry-leading printers, scanners, and multifunction devices to groundbreaking solutions in digital radiography and eye care equipment, Canon has been helping healthcare professionals deliver outstanding care to their customers. This commitment to the healthcare industry has led to innovative solutions and the development of relationships with industry leaders. As a member of the Cerner Printer Validation Program, Canon builds on that foundation.

As part of their joint commitment to helping healthcare organizations provide the highest levels of patient care, Canon and Cerner are collaborating to validate select Canon devices for use in environments running *Cerner Millennium*®.

With this validated compatibility, healthcare professionals can choose select Canon devices with confidence to deliver printed output with exceptional image quality and proven productivity in *Cerner Millennium*® environments.

**Each of the following Canon devices, listed on the back, has been tested and validated for use with *Cerner Millennium*®.** Cerner has developed *Millennium* drivers for validated Canon printers. The current list of Cerner validated printers is available to Cerner clients on Cerner's "Peripheral Pages" wiki space at [wiki.ucern.com](http://wiki.ucern.com).
