

Large-Format Specialty Print Media

Artistic Satin Canvas, 350gsm

This canvas is meant for museum quality archival printing, whether fine art reproduction or photographic portrait creations. This cotton/polyester blend (35/65%), double weave canvas has a fast drying, satin finish surface. This canvas also features a high white point without optical brighteners which means it won't turn yellow over time. Ideal for wedding pictures and portraits where that traditional oil-on-canvas textured look is desired. The media can be easily stretched for framing art reproductions or sewn for banners applications.
