

Large-Format Specialty Print Media

Heavyweight Matte Coated Paper, 230gsm

A bright white coated paper with instant drying characteristics allowing immediate use without smearing or smudging. It has a 10mil thickness and smooth surface for POP/POS signage and graphic art exhibitions that require high color density, optimal color gradation and perfect image sharpness.

Coated Papers/CAD/GIS

Blue prints, maps, schedules and sketches are ideally rendered with Canon large format printers. These media are ideal for engineers and architects as well as CAD and GIS applications. For everyday use and draft printing, Canon has a wide variety of durable, inexpensive coated paper.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- POP/POS Signage
- Graphic art Exhibitions
- Posters/Presentations
- Tradeshow and Event Signage

THE RIGHT MEDIA FOR THE JOB

Whether you're drafting designs or producing point-of-purchase displays, signage, fine art and photo reproductions, Canon has the right large-format media to satisfy virtually every market.
