

Large-Format Specialty Print Media

Premium Fine Art Smooth, 310gsm

Natural tone of color and smooth, planar texture satisfies the needs of professional and advanced amateur photographers. Premium Fine Art Smooth uses 100% cotton for the base and it doesn't contain lignin, a causative substance for yellow discoloration. It's acid free paper and suitable for longevity. The paper, made from cotton, has a soft, tender feeling and high durability. Premium Fine Art Smooth provides professionals and advanced amateur photographers with long-lasting quality.

Canon Fine Art Media

Special art work deserves special media. Paintings and digital art superbly reproduce on Canon Fine Art Media. Available in canvas, velvet, photo rag and water resistant styles, Canon Media meet every fine art printing challenge.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- Color and Monochrome Photo Printing
- Photographic & Fine Art Reproductions
- Artist Portfolios
- Portraits
