

Large-Format Specialty Print Media

Premium Glossy Paper 2, 280gsm

Premium Glossy Paper 280gsm is heavyweight and provides a high whiteness factor through the use of high white pulp which makes the media less susceptible to light illuminant changes. This glossy paper has a thicker resin coated layer when compared to other photographic papers to increase the overall smoothness of the paper. To support our environmentally conscious efforts, this paper incorporates Elemental Chlorine Free (ECF) pulps. Ideal applications would be high quality photos, proofing and fine art reproductions. Premium Glossy Paper is also available in light-weight (200gsm) sizes.

Canon Photographic/Glossy Papers

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet virtually every printing need. Accurate clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- Photography
- Proofing
- Posters
- Graphic Art Reproduction
- Printing digital, scanned or CD images

THE RIGHT MEDIA FOR THE JOB

Whether you're drafting designs or producing point-of-purchase displays, signage, fine art and photo reproductions, Canon has the right large-format media to satisfy virtually every market.
