

Large-Format Specialty Print Media

Water Resistant Matte Banner Vinyl, 480gsm

The Water Resistant Matte Banner Vinyl consists of a base layer of polyester fiber sandwiched between two layers of vinyl, giving the media appropriate thickness and strength to withstand outdoor conditions. This media is ideal for outdoor signage especially since no lamination is needed; minimizing costs! With a resistance to peeling and fading, this media keeps its robust colors over time regardless of weather conditions. It is ideal for advertising signage in stadiums, construction signage and point-of-purchase (POP) for retail graphics, and gift shops for up to six (6) months outdoors*.

Canon Sign/Banner/Display Media

Eye-catching signs, bulletins, and announcements are easy to create with Canon large format printers. To suit many applications, our sign and banner media are tear resistant and offer a variety of special features, such as adhesive backing and vinyl coating.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- Short term outdoor signage
- School fundraisers
- Posters
- Event signage
- Outdoor direction signage
- Retail promotions
- Point of purchase signage

THE RIGHT MEDIA FOR THE JOB

Whether you're drafting designs or producing point-of-purchase displays, signage, fine art and photo reproductions, Canon has the right large-format media to satisfy virtually every market.
