FOR LASER DEVICES

Table of Contents

Your Applications Deserve the Right Media for the Job!

Selection

Canon offers a wide array of different media types to fit your specific needs. With a full offering of business and specialty media, you're sure to find the ideal fit for your application.

Quality

At Canon, we know that your image is a reflection of our company. That's why Canon media delivers high-quality results time after time. Each media undergoes rigorous testing and regular quality assurance inspections to ensure that it meets our high-quality standards—and yours!

Business/Office Media

Canon business/office papers offer variety, even with your everyday printing. Canon Multipurpose Paper is a reliable and consistent stock ideal for black-and-white printing. The Enhanced Color Copy Paper is bright allowing for your business documents to jump off the page! Canon's commitment to the environment is shown through its recycled paper options, Canon Genuine Awareness Papers for black and white and color printing. These offer variety and a way to help the environment.

Specialty Media

Create stunning, personalized labels and CDs/DVDs, with Canon specialty media. These specialized stocks allow you to utilize your Canon device to its maximum potential. Transparencies, Tabs, and Labels will help you create a spectrum of eye-catching results. Whatever your unique need, Canon's got the specialty media for you!

Sustainable Forestry Initiative

SUSTAINABLE FORESTRY INITIATIVE
SFI-02404

Select Canon media holds certification from the Sustainable Forestry Initiative® (SFI®) organization. To achieve such certification, each media must contain fibers that come from well-managed forests and other responsible sources.

Business/Office Media

Multipurpose Paper, 20 lb. Bond

SUSTAINABLE FORESTRY INITIATIVE
SFI-02404

Canon's Enhanced Multipurpose Paper has a 92 brightness making this paper perfect for memos, drafts, e-mails and everyday printing.

Enhanced Color Copy Paper, 28 lb. Bond

Canon's Enhanced 28lb. Bond Color Copy Paper has a 97 brightness, which allows for outstanding color Images. Ideal for e-mails, drafts and everyday printing that include color.

Genuine Color Awareness Recycled Paper
100% Post-Consumer Content

This environmentally conscious, recycled paper is Process Chlorine Free (PCF) and contains 100% post-consumer recycled content. This 28 lb. bond recycled paper has a 92 brightness which allows for outstanding color images. Ideal for e-mails, faxes, drafts and everyday printing.

Specialty Media

BT-400, Transparency for Black & White

Canon's BT-400 Transparency is perfect for over head presentations. Its designed for use in many Canon black-and-white devices. Its coating on both sides allow for printing on either side. Ideal for presentations, overlay applications, dividers in reports, window signs and art work.

CLT-500, Transparency for Color Copiers

Canon's CLT-500, Transparency for Color Devices is perfect for over head presentations. Its thickness is designed for use in many Canon color devices. Canon's CLT-500 Transparency is coated on both sides allowing for great text or images to be printed on either side. Ideal for presentations, overlay applications, dividers in reports, window signs and art work.

Matte Labels

Canon's Matte Labels are available in 1-up and 30-up sizes. These easy to use labels can be used to create a professional custom print or a personal handwritten look. Canon's Matte Label sizes allow you to maximize text space for quick and easy identification. Ideal for brand or trade mark labeling, name tags, charts, barcodes, envelope addresses, folders and shipping labels.

Plain 1/5 Single Reverse Tabs, 90 lb.

Canon's Plain 1/5 Single Reverse Tabs are popular and economical. They allow a user to imprint custom tab titles as needed using a high-speed copier. They are easy to use and serve as a great "Information storage and retrieval system". Ideal for organizing information in manuals, presentations, reports, documentation and procedures.

Straight Collated, 5-Bank Tabs, 90 lb.

Canon's Straight Collated, 5 Bank Tabs allows a user to imprint custom tab titles as needed using a high-speed copier. They are easy to use and serve as a great "Information storage and retrieval system". Ideal for organizing information in manuals, presentations, reports, documentation and procedures.
