

Paper Handling

Paper Type	Canon Luster Type Roll (double sided), Canon Glossy Type Roll Paper (double sided)
Paper Width	5in/6in/8.27in/10in/11in/11.69in/12in
Processing Width	(127mm/152mm/210mm/254mm/279mm/297mm/305mm)
Paper Length	5in - 18in (127mm - 457mm)
Paper Capacity	100 sheets
Hinge Silt Width	0.02in - 0.08in (0.5mm - 2.0mm) *Manual adjustment
Processing Speed	Approx 14 sec/sheet *

* Processing A4 size (8.27x11.69in) double sided paper with 8.27in processing width. Speed does not include paper setting & changing of consumables.

Operating Environments and Power Requirements

Operating Environment	Temperature 15 to 27 degree C / humidity 30 - 70 %RH
Power Supply	3 phase 208V (US)
Air Supply (Dry Air)	Pressure: more than 0.5MPa, Flow: more than 450 Liter / min

Dimensions and Weight

Width	51.2" x Depth: 39.4" x Height: 50.0"
Weight	Approx 992 lb

Power Consumption

In Processing	Approx 3kWh
With Power Off	0kWh

Operating Noise Level

Max	80db (A)
------------	----------

Consumables

- Clear Film Tape
- Paper Cutter
- Tape Cutter
