Access your Documents on your Phone or Tablet using the Therefore™ Mobile App

Now you can access your entire library of Therefore™ documents and process your Workflow tasks from the palm of your hand.
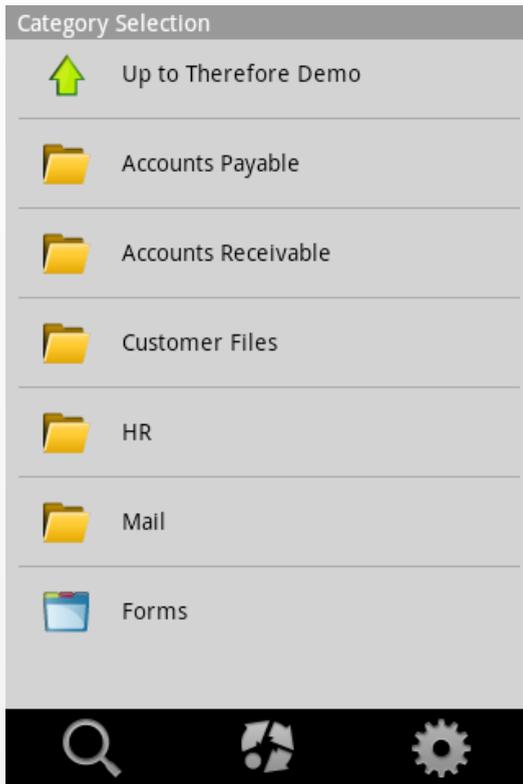

The Therefore™ Mobile App is designed for iPad, iPhone and devices running Android™, and adapts to make the best use of different screen sizes.

You can download the Therefore™ Mobile App with just a few taps. On iPad and iPhone you will find it in the App Store, and if you're running Android, visit the Google Play™ Store.

What can you do?

- View your documents in over 400 different file formats

- Search using document tags (index data)

- Perform full-text searches on a category (if enabled for the category)

- Edit document tags (index data)

- Process, claim, unclaim and delegate Workflow tasks

- Send documents using other installed apps (see Integration in the table on page 3)
