Registering the printer to Print from E-mail

Register your printer to Print from E-mail in three steps below.

When the printer is properly registered, you will receive the special address for printing

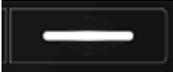

1. Print the authentication URL (the URL for registration of the printer).
2. Visit the printed URL, and enter your account information (your e-mail address, etc.).
3. You will receive the e-mail to the entered address. Visit the URL given in the received mail, and register your printer. The address for printing and the login URL will be displayed in the registration screen.

Register the Printer

Step 1: Print the authentication URL and **PIN** code.

(1) Power on the printer

(2) Use the Up or Down cursor keys to locate **Web Service** on the LCD screen. Press the function key  below **Web service** to select it.

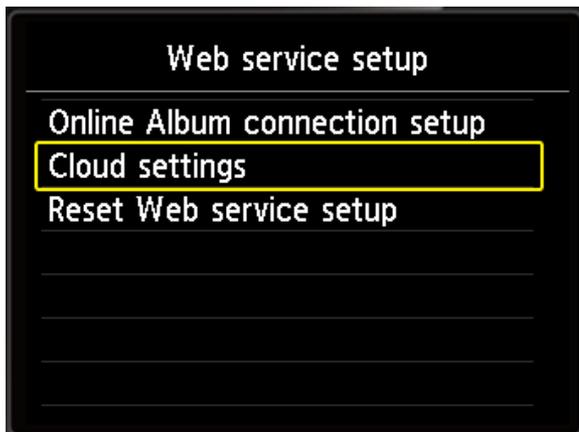

Register the Printer

(3) Use the cursor keys to select **Web service setup** then press the **OK** button.

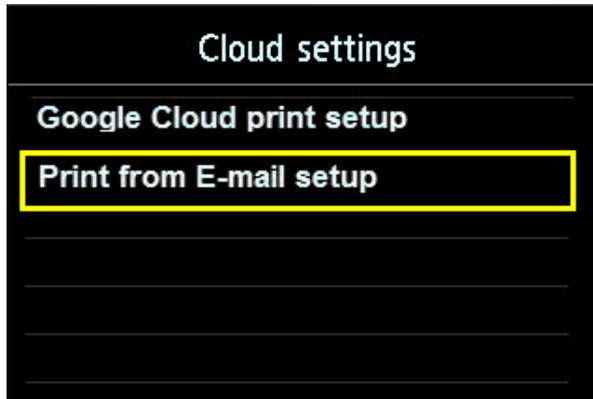

(4) Use the cursor keys to select **Cloud Settings** then press the **OK** button.

Register the Printer

(5) Use the cursor keys to select **Print from E-mail setup**. Press the **OK** button.

(6) Use the cursor keys to select **Register printer**. Press the **OK** button

(7) At the message asking if you want to register the printer, select **Yes**. Press the **OK** button

(8) At the message for selection of the language for printing, select **Next**. Press the **OK** button
In the next screen, select the desired language. Press the **OK** button

(9) At the message that the printer will print the authentication URL, set plain letter size paper in the cassette and press the **OK** button.

Register the Printer

The authentication URL and **PIN** code will be printed.

REFERENCE

The printout will be used in the later process of registration.

(10) After the authentication URL is printed, select **Yes** at the message and press the **OK** button.

(11) "**Confirming the authentication process**" will be displayed.

Proceed to Step 2.

IMPORTANT

Registration (authentication) must be completed in 25 minutes.

Proceed to the next step promptly.

Register the Printer

Step 2: Visit the printed URL, and enter your account information (your e-mail address, etc.).

(1) Using a PC or other types of PDA, enter the printed URL.

CAUTION:

The URL is case-sensitive.

Register the Printer

(2) At the following screen, enter the **PIN** code and click **Log In**.

Canon Print from E-mail

Login Language English

Enter the PIN code to log in, then perform printer owner registration.

REFERENCE

If the login screen is not displayed, check if the entered URL is correct (For example, "http" is wrong since it should be "https.")

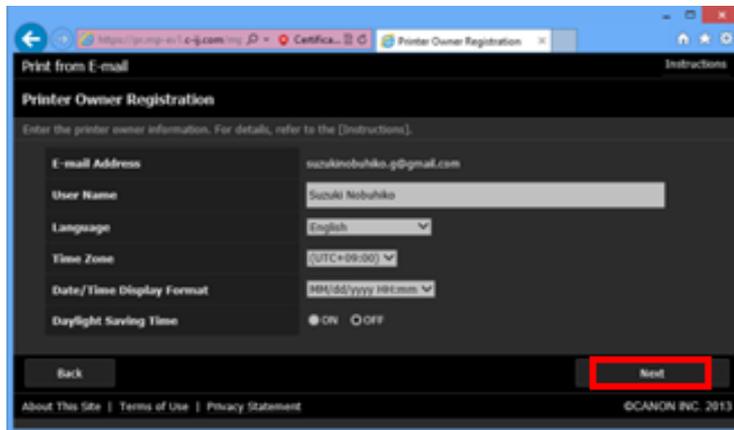

Register the Printer

(3) At the following screen, enter your e-mail address and click **Next**.

The screenshot shows a web interface titled "Print from E-mail" with a sub-header "Printer Owner Registration". Below the sub-header, there is a prompt: "Enter the printer owner's e-mail address." A text input field labeled "E-mail Address" is present. At the bottom of the form, there are two buttons: "Back" on the left and "Next" on the right. The "Next" button is highlighted with a red rectangular box.

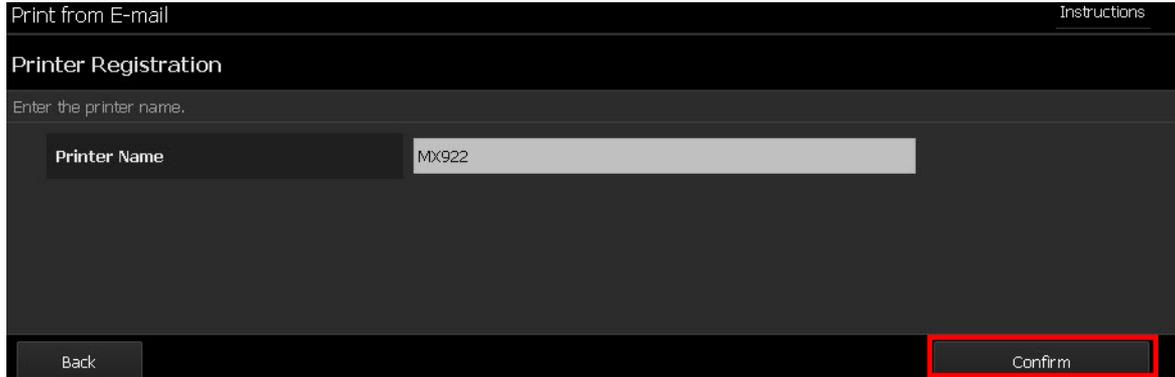

(4) At the following screen, enter the information in each box and click **Next**.

The screenshot shows the same "Printer Owner Registration" screen as in step (3), but with all fields filled out. The "E-mail Address" field contains "suzukinobuhiko@gmail.com". The "User Name" field contains "Suzuki Nobuhiko". The "Language" dropdown is set to "English". The "Time Zone" dropdown is set to "UTC+09:00". The "Date/Time Display Format" dropdown is set to "MM/dd/yyyy H:mm". The "Daylight Saving Time" option is set to "ON". At the bottom, the "Next" button is highlighted with a red rectangular box. The footer of the page includes "About This Site | Terms of Use | Privacy Statement" and "©CANON INC. 2013".

Register the Printer

(5) At the following screen, click **Confirm***.
