Registering the Printer & Scanner 12
Network Requirements
Before connecting the machine to the network, make sure that configuration of the computer and access point or router is complete, and that the computer is connected to the network.

Notes on Network Connection
• The configuration, router functions, setup procedures and security settings of the network device vary depending on your system environment. For details, refer to your device's instruction manual or contact its manufacturer.

• The machine cannot be used over a wireless and wired connection at the same time.

Wireless Connection
Connect to your network environment over a wireless connection.
Preparing to Connect My Multifunction To My Network

Be sure to prepare an access point.

**Important Information You Need Before Adding Your Multifunction**
The following information is required to connect to your access point or router.

- **Access Point Name/Network Name:**
  Also referred to as SSID. A name to identify the specific access point.

- **Network Key:**
  Also referred to as encryption key, WEP key or WPA/WPA2 passphrase, Pre-Shared key.
  A password required to set to prevent unauthorized access to communication.

Check your access point or router for the following information, and then write it down.

**NOTE:** For details on how to check the following information, refer to the manual of your access point or router, or contact its manufacturer.
Installing the Drivers & Software

To use the machine by connecting it to a computer, software including the drivers needs to be copied (installed) to the computer's hard disk. The installation process takes about 20 minutes. (The installation time varies depending on the computer environment or the number of applications to be installed.)

**Step One**

Turn on the computer, then insert the **Setup CDROM** into the CD-ROM drive

**Step Two**

Double-click the **Setup** icon of the CD-ROM folder to proceed to the following screen.

If the CD-ROM folder does not open automatically, double-click the CD-ROM icon on the desktop.
Installing the Drivers & Software

**Step Three**

Enter your administrator name and password. Click **OK**.

If you do not know your administrator name or password, click Help (?), then follow the on-screen instructions.

**Step Four**

Click **Easy Install**. Click **Install**.
The drivers, application software, and on-screen manuals are installed all together.
Installing the Drivers & Software

**Step Five**
Click **Install**

*Applications may vary by model

**Step Six**
Select **Use the printer with wireless LAN connection**, then click **Next**.

Follow any on-screen instructions to proceed with the software installation.
**Step Seven**

Read the License Agreement screen carefully and click **Yes**.

**Step Eight**

When the *Create an Alias on Desktop* screen appears, select **Agree** if you want an alias of the On-Screen manual to be placed on the desktop, otherwise select **Do not Agree**, then click **Next**.
Installing the Drivers & Software

**Step Nine**

Select *Agree* or *Do not Agree* on the **Add Easy-WebPrint EX to the Dock** screen, then click **Next**

**Step Ten**

Click **Skip** or **Next** on the Download Easy-webPrint screen
Step Eleven

When the **Printer Detection** screen appears, click **Next**

Step Twelve

On the **Canon IJ Network Tool** screen, select **MX420 series** in **Printers** and click **Next**.
Registering the Printer & Scanner

This section describes how to register the machine on a Macintosh computer.

**Step One**

When the Register Printer and Scanner screen appears, click Register Printer.

Proceed to the section that relates to your operating system for further installation instructions

Mac OS X v. 10.5.x / 10.6.x: Go to Step 2-A

Mac OS X v. 10.4.11: Go to Step 2-B
Registering the Printer & Scanner

**Step Two**

2-A

1. Select Canon MXxxxx series in the list of printers, then click **Add**. *xxx refers to the model number. MX420 series shown in example, below

![Add Printer Window](image)

2. Go to Step Three, page 16.

*The alphanumeric characters after Canon xxxx series is the machine’s Bonjour service name or MAC address

**Step Two**

2-B (OS X v. 10.4.11)

1. When the **Printer List** window appears, click **Add**.

![Printer List Window](image)
Registering the Printer & Scanner

**Step Two**

2-B

2. Click **More Printers** in the **Printer Browser** window.

3. Select **Canon IJ Network** in the pop-up menu, select **Canon MXxxx series** in the list of printers, then click **Add**. *xxx refers to the model number. **MX410 series** shown in example, below
**Step Two**

2-B

4. Make sure that the **Canon MXxxx series** is added to the list of printers.

*xxx* refers to the model number. MX410 series shown in above example.

**Step Three**

When the **Register Printer and Scanner** screen appears, click **Register Scanner**.
Registering the Printer & Scanner

**Step Four**

Select **Canon MX410 series** on the **Canon IJ Network Scanner Selector EX** screen, then click **OK**

**Step Five**

Click **Next** on the **Register Printer and Scanner** screen.
**Step Six**

Click **Next** on the **Print Head Alignment Recommended** screen.

**Step Seven**

Click **Next** on the **Register Printer and Scanner** screen.

---

**Print Head Alignment Recommended**

This printer has print head alignment. If the printout contains misaligned lines or is not satisfactory, aligning the print head may resolve these problems.

Refer to the user's guide for details.

**Setup Complete**

The setup is completed. The product is now ready to use. Click [Next] to proceed to the next step.
Step Eight

If the User Registration screen appears, read the information and click Next or Cancel.

If the Extended Survey Program screen appears: If you can agree to Extended Survey Program, click Agree. If you click Do not agree, the Extended Survey Program will not be installed. (This has no effect on the machine’s functionality.)
Step Nine

Click Exit. Setup is complete

*It is necessary to restart the computer before scanning using the Operation Panel on the machine for the first time.
