CANON PERSONAL CALCULATORS... CANON'S GOT YOUR NUMBER.

Canon, the company that has pioneered much of the calculator technology that is considered standard today, has once again added enhanced features to many of our new calculators. Now you don't need a computer to calculate the selling price of an item based on the cost and desired profit margin, just use the new Business and Sales feature.

Not sure which is your latest calculation printout? No problem. Now you can print the date and time using the Calendar and Clock function. Check out the calculators that have these and other new features.

You can expect Canon's high standard for innovation and quality no matter which model suits your calculating application.

Canon = 39 years producing calculators = Brilliant solutions that you can count on!
