HIGH-SPEED DOCUMENT SCANNERS

## HIGH-SPEED DOCUMENT SCANNERS

Canon U.S.A., Inc., headquartered in Lake Success, NY, delivers commercial imaging solutions. Canon's complete line of document, network, and check scanners, enable businesses to improve costs, efficiencies, management, security, and compliance related to capturing, storing, and sharing information.

The Canon imageFORMULA scanners satisfy a wide variety of document imaging needs and budgets with a full-range of scanning solutions. They offer the kind of high-performance features that make converting paper to electronic documents easier, such as high-speeds, advanced image processing, and flexible configuration options.

The complete Canon scanner line offers high image quality, leveraging years of experience in developing high-precision optics technologies. It also offers flexible and reliable scanning of mixed batches of documents. And finally, it delivers outstanding value.

Canon scanners are based on a tradition of excellence, with solutions designed to improve workflows and cater to user and corporate requirements. Canon scanners are efficient and affordable imaging solutions, satisfying a wide variety of content management needs. With strong alliance and compatibility partnerships, strong industry associations, and strong channels of delivery and fulfillment, Canon can help any business make the transition into the paperless office.

## Network Scanners

The Canon imageFORMULA ScanFront Series of network scanners are ideal for decentralized or distributed scanning applications, and for easily sharing documents via a network. They are easy-to-use and manage, secure, and plug right into an office network to deliver direct network scanning and sending.

#### FULL-FEATURED, EASY-TO-USE NETWORK DEVICES

The ScanFront 300/300P were designed to simplify the distribution of business information across a network to specified destinations while improving the security of data being shared, maintaining information quality, and lowering overall workplace costs.

- Network ready, stand-alone scanners
- Scan to E-mail, network folders, FTP, USB drive, fax, printer
- Customizable Scan-To-Job buttons
- Powerful device administration
- Scan up to 30 pages per minute
- 8.4" SVGA liquid crystal display

#### Scanning:

<b>Speed:</b>	Up to 30 ppm / 60 ipm*
<b>Scanning Modes:</b>	Black & White, Grayscale, Color, Text Enhance, Error Diffusion
<b>Optical Resolution:</b>	600 dpi
<b>Feeder Capacity:</b>	50 sheets
<b>Document Size:</b>	Width: 2" - 8.5" Length: 2.1" - 14"
<b>Suggested Volume:</b>	2,000 scans / day

#### Network:

<b>Sending Functions:</b>	Scan-To-Network Folder, FTP, Scan-To-E-mail, USB Drive, Fax, Printer
<b>Protocols:</b>	TCP/IP, SMTP, DHCP, SMB, LDAP, NTP

#### General:

<b>Dimensions:</b>	H 6.3" x W 12.2" x D 8.7"
<b>Weight:</b>	7.9 lbs.
<b>Interface:</b>	LAN 10Base-T/100Base-TX, USB 2.0x2, PS/2 x2
<b>Power Consumption:</b>	30W

#### Features:

- Auto Page Size Detection
- Prevent Bleed-Through/Remove Background
- Color Dropout / Enhance Color
- Deskew
- Fingerprint Reader (300P Only)
- Skip Blank Page
- Ultrasonic Double-Feed Detection (300P Only)

#### Options:

- Exchange Roller Kit
- Soft Carrying Case
- eCarePAK (Exchange Service)

\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 150 dpi for color.

### SEAMLESS BUSINESS WORKFLOW INTEGRATION

Network scanners, powered by eCopy ShareScan, deliver state-of-the-art image capture and intuitive document sharing through seamless integration with existing networks, workflows, and applications.

- Letter-sized color duplex scanning
- Large 8.5-inch color touch screen
- Direct integration into Microsoft and Novell networks
- Network address books and databases such as Microsoft Access, Microsoft SQL and Oracle
- eCopy Connectors for integration with networked software applications
- Scan-to-Email, FTP, Printer, Fax and much more

#### Scanning:

Speed:	Up to 24 ppm / 26 ipm**
Scanning Modes:	Black & White, Grayscale, Color, Text Enhance, Halftone
Optical Resolution:	600 dpi
Feeder Capacity:	50 sheets
Document Size:	Width: 2" - 8.5" Length: 2.1" - 14"
Suggested Volume:	1,500 scans / day

#### Network:

Sending Functions:	Scan-To-E-mail, Fax, Folder, FTP, Index, Print WebDAV, Database and USB Memory
Protocols:	TCP/IP, SMTP, DHCP, SMB, LDAP

#### General:

Dimensions:	H 6.2" x W 12.2" x D 9.2"
Weight:	7.5 lbs.
Interface:	LAN 10Base-T/100Base-TX, USB 2.0 x 2, PS/2 x 2

#### Features:

- Auto Page Size Detection
- Prevent Bleed-Through / Remove Background
- Color Dropout / Enhance Color
- Deskew
- Fingerprint Reader (220eP only)
- Skip Blank Page
- Ultrasonic Double-Feed Detection (220eP Only)

#### Options:

- Exchange Roller Kit
- Soft Carrying Case
- eCarePAK (Exchange Service)
- Microsoft SharePoint Connector
- Interwoven WorkSite Connector
- Open Text RightFax Connector
- EMC Documentum Connector

\*Examples based on typical settings, rated in pages per minute with letter-sized documents at 150 dpi for color.  
\*\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi for B&W.

## Personal Document Scanners

Canon's line of imageFORMULA P-Series personal scanners allow Small Office / Home Office (SOHO) users, telecommuters, and road warriors to improve personal efficiency and individual productivity. Highly portable and mobile, these small, easy-to-use scanners are for individual or shared use for general purpose, distributed scanning tasks, from the convenience of any location.

### MOBILE AND PORTABLE DOCUMENT SCANNING

The P-150 scanner combines practicality, productivity, and value in a sleek, mobile design.

- Convenient mobile and portable document scanner
- USB powered (no AC adapter required)
- One-pass duplex scanning
- “Plug-and-Scan” without loading drivers or software

#### Type:

Type: Personal Document Scanner  
Document Feeding: Automatic or Manual

#### Scanning:

Speed: Up to 15 ppm / 30 ipm\*  
Scanning Modes: Black & White, Grayscale, Color  
Optical Resolution: 600 dpi  
Feeder Capacity: 20 sheets  
Document Size: Width: 2" - 8.5" Length: 2.7" - 14"  
Suggested Volume: 500 scans / day

#### General:

Dimensions: H 1.6" x W 11" x D 3.7"  
Weight: 2.1 lbs.  
Power Consumption: 5W (Using 2 USB) 2.5W (Using 1 USB)  
Interface: Hi-Speed USB 2.0  
Drivers: ISIS/TWAIN for Windows  
TWAIN for Mac

#### Features:

- Auto Color Detection
- Auto Page Size Detection
- Deskew
- Pre-Scan
- Prevent Bleed-Through/Remove Background

#### Bundled Software:

- Canon CaptureOnTouch
- Canon CaptureOnTouch Lite
- Nuance Paperport Standard
- NewSoft Presto! BizCard

#### Options:

- Feed Roller
- Separation Pad
- Soft Carrying Case
- A/C Adapter
- eCarePAK (Exchange Service)

Optical Resolution: 600 dpi  
Feeder Capacity: 100 sheets  
Document Size: Width: 2.1" - 11.8" Length: 2.8" - 17"  
Long Doc Mode: Up to 118"  
Suggested Volume: 10,000 scans / day

### General:

Dimensions: H 7.5" x W 15.6" x D 12.3"  
Weight: 23 lbs.  
Power Consumption: 46.5W or Less  
Interface: Hi-Speed USB 2.0 / SCSI-III

### Features:

- Advanced Text Enhancement (Three Types)
- Auto Color Detection
- Auto Page Size Detection
- Custom Color Dropout / Enhance Color
- Deskew
- Skip Blank Page
- Ultrasonic Double-Feed Detection

### Bundled Software:

- Canon CapturePerfect
- Adobe Acrobat Standard
- Kofax VirtualReScan

### Options:

- Exchange Roller Kit
- Barcode Module III
- eCarePAK (Exchange Service)
- Flatbed Scanner Unit 101

\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi. Actual processing speeds may vary based on PC performance and application software.

## Production Scanners

Canon's line of imageFORMULA DR-Series production scanners is ideal for vigorous scanning tasks. Designed to maximize productivity in high-volume, centralized, data capture environments, Canon's production scanners maintain the integrity of documents at rapid speeds for mission-critical document conversion and content management. Combining high-speeds with increased scanning reliability and efficiencies, Canon's production scanners efficiently transform masses of hard-copy documents into identifiable electronic information required in today's marketplace.

## ULTIMATE SCANNING FLEXIBILITY AND IMAGE QUALITY

Universal production scanner delivering incredible flexibility, image quality, and reliability, all at high scanning speeds.

- Flexible universal production scanner
- Two-way design capable of fast one-pass duplex rotary and easy flatbed scanning
- Same fast scanning speeds in color, grayscale and B&W
- Combination flatbed and ADF scanning capabilities for a variety of sources, from books to 11" x 17" documents
- Easy-to-use copier-like control panel for effortless operation

### Type:

Type: Universal Production Scanner

Document Feeding: Automatic or Manual

### Scanning:

Speed: Up to 70 ppm / 88 ipm\*

Scanning Modes: Black & White, Grayscale, Color

Optical Resolution: 600 dpi

Feeder Capacity: 100 sheets

Document Size: Width: 5.5" - 11.7" Length: 5" - 17"

Long Doc Mode: Up to 24.8"

Suggested Volume: 8,000 scans / day

### General:

Dimensions: H 12.5" x W 24.3" x D 23.7"

Weight: 90.4 lbs.

Power Consumption: 218W or Less

Interface: Hi-Speed USB 2.0 / SCSI-III

### Features:

- Advanced Text Enhancement (Two Types)
- Color Dopout / Enhance Color
- Count Only Mode
- Deskew
- Punch Hole Removal
- Scan-To-Job Function (Via Control Panel)
- Skip Blank Page
- Text Orientation Recognition

### Bundled Software:

- Canon CapturePerfect
- Kofax VirtualReScan

### Options:

- Exchange Roller Kit
- Cleaning Cloth
- eCarePAK (On-Site Service)

\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 300 dpi. Actual processing speeds may vary based on PC performance and application software.

### HIGH-SPEED, HIGH-QUALITY SCANNING FOR ULTIMATE PRODUCTION EFFICIENCY

True high-speed scanning that provides enterprises with reliable, high image quality and flexible scanning solutions.

- Fast production color duplex scanner
- Same fast scanning speeds in color, grayscale and B&W
- User adjustable Paper Feed Tray height (Two Heights)
- Long Document Mode for documents up to 118" long
- Staple Detection
- Programmable Scan-To-Job buttons accessible through an intuitive control panel

#### Type:

Type: Production Scanner  
Document Feeding: Automatic or Manual

#### Scanning:

Speed: 80 ppm / 160 ipm\*  
Scanning Modes: Black & White, Grayscale, Color  
Optical Resolution: 600 dpi  
Feeder Capacity: 300 sheets  
Document Size: Width: 2" - 12" Length: 2.8" - 17"  
Long Doc Mode: Up to 118"  
Suggested Volume: 12,000 scans / day

#### General:

Dimensions: H 18.9" x W 20.9" x D 12.2"  
Weight: 50 lbs.  
Power Consumption: 83W or Less  
Interface: Hi-Speed USB 2.0 / SCSI-III

#### Features:

- Advanced Text Enhancement (Two Types)
- Auto Color Detection
- Auto Page Size Detection
- Count Only Mode
- Skip Blank Page
- Staple Detection
- Ultrasonic Double-Feed Detection

#### Bundled Software:

- Canon CapturePerfect
- Kofax VirtualReScan

#### Options:

- Exchange Roller Kit
- Barcode Module III
- Imprinter Unit
- Patchcode Decoder
- eCarePAK (On-Site Service)
- Flatbed Scanner Unit 101

\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 300 dpi, in landscape orientation. Actual processing speeds may vary based on PC performance and application software.

### TAKING PRODUCTION SCANNING TO A NEW LEVEL

State-of-the-art performance and flexibility for reliable, high-volume scanning for service bureaus and other locations where speed, consistency, accuracy, and cost-efficiency are paramount.

- Fast production color duplex scanner
- Same fast scanning speeds in color, grayscale and B&W
- Industry's first Three-Step Dust Prevention System results in clearer images and minimized maintenance
- Programmable Scan-To-Job buttons, intuitive control panel, and ergonomic design for simple operation

#### Type:

Type: Production Scanner  
Document Feeding: Automatic or Manual

#### Scanning:

Speed: Up to 130 ppm / 260 ipm\*  
Scanning Modes: Black & White, Grayscale, Color  
Optical Resolution: 600 dpi  
Feeder Capacity: 500 sheets  
Document Size: Width: 2" - 12" Length: 2.8" - 17"  
Long Doc Mode: Up to 118"  
Suggested Volume: 60,000 scans / day

#### General:

Dimensions: H 14.8" x W 20.8" x D 22.2"  
Weight: 86 lbs.  
Power Consumption: 125W or Less  
Interface: Hi-Speed USB 2.0 / SCSI-III

#### Features:

- Advanced Text Enhancement (Two Types)
- Auto Color Detection
- Auto Page Size Detection
- Auto Re-try Feeding
- Count Only Mode
- Custom Color Dropout / Enhance Color
- Dust Countermeasures
- Staple Detection

#### Bundled Software:

- Canon CapturePerfect

#### Options:

- Exchange Roller Kit
- Patchcode Decoder
- Barcode Module III
- Kofax CGA Board
- Pre- / Post-Imprinter
- eCarePAK (On-Site Service)

\*Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi. Actual processing speeds may vary based on PC performance and application software.

### Flatbed Scanner Unit 101

#### Flatbed Scanner Option\*

The Flatbed Scanner Unit 101 is a device designed to complement Canon's high speed document scanners and widen the variety and types of documents that can be scanned to include bound, thick, and fragile documents.

- Simple USB connectivity
- Flexible operation
- Advanced image processing up to 1200dpi
- Adaptable hardware allows for "Open Scanning" of books and bound documents

\*Compatible with most DR Series scanners

#### Other Options & Accessories

Depending upon the scanner model, various other options and accessories may be available, such as rollers, carrying cases, and AC adapters. Please check [www.usa.canon.com/scanners](http://www.usa.canon.com/scanners) for the latest list of additional options and accessories.

## Canon Software – CapturePerfect

### Comprehensive Document Imaging Software to Maximize Canon Scanner Performance

Canon's CapturePerfect software delivers image processing features needed to obtain the highest image quality in even the most rigorous scanning environments. It is designed to help maximize Canon scanner performance, increase productivity and streamline document imaging workflows.

CapturePerfect helps Canon scanners deliver images of the highest quality, true to their original form, while providing convenient ways to edit, arrange, and manage files with a drag-and-drop interface. Precise images can be captured from even the most difficult original documents for immediate distribution to file folders, presentations, printers, and e-mail.

CapturePerfect software can help increase the productivity and workflow of a company's Enterprise Content Management (ECM) process.

## Canon Software – CaptureOnTouch

### Increase User Productivity by Simplifying the Document Scanning Process

Canon's CaptureOnTouch software tool can help increase user productivity by simplifying the document scanning process. The intuitive interface enables users to quickly and efficiently scan documents and automatically distribute them.

Developed for quick and intuitive scanning, CaptureOnTouch leads users through the complete scanning process step-by-step. Even if familiar with document scanning and electronic data storage, businesses can profit from reduced user errors and save valuable time through faster processing and improved control of file distribution.

The CaptureOnTouch software tool can help provide extra value by simplifying how scanning tasks are handled by companies that are striving to improve their document imaging processes.

## EASY INTEGRATION AND COMPATIBILITY

Canon's imageFORMULA scanners are an integral element of Enterprise Content Management solutions. As front-end capture hardware components, the scanners' reliability, performance, and feature-rich functionality are critical for ensuring the accuracy and overall effectiveness of any document management workflow.

Recognizing this, many of the industry's leading software companies have tested Canon's Scanners for compatibility with their products. With this compatibility, customers are ensured the reliability and benefits of a complete document management solution. Moreover, they have the flexibility of selecting a hardware product that will operate effectively with the software applications they are currently using or implementing.

With an extensive portfolio of scanners designed to target various business applications, customers are assured the best hardware product to suit their needs. From decentralized imaging and desktop scanning workflows to centralized batch processing of high-production workflows, Canon's scanners are equipped to perform.

## INVESTMENT PROTECTION

### Service and Support

Canon imageFORMULA scanners are designed to provide customers with a rewarding ownership experience. These products are supported nationwide through a network of factory-trained and authorized Canon service providers. These providers attend Canon training classes on the latest products, service methods, and tools. They also have the latest information about the products they service, including technical documentation, and access to a service Website, and technical support hotline.

### Canon eCarePAK

eCarePAK optional service plans extend service and support beyond the initial warranty period. eCarePAK coverage can save costs associated with post-purchase maintenance, maximize uptime throughout the life of the product, and make end-users feel confident in their Canon scanning investment for years to come.
