SECTION 1  IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product Identifier:

Product Name: Canon GPR-30 Black Toner
Product Code: 2789B / F42-8103

Relevant Identified Uses: Toner for electrophotographic apparatus

Details of Supplier of Safety Data Sheet:
Supplier: Canon USA Inc.
Address: One Canon Park, Melville, NY 11747, USA
Telephone Number: 1-800-OK-CANON
Emergency Telephone Number:

Manufacturer: Canon Inc.
Address: 30-2, Shimomaruko 3-Chome, Ohta-ku, Tokyo 146-8501, Japan

SECTION 2  HAZARDS IDENTIFICATION

Emergency Overview: Black fine powder, slight plastic odor.

US Regulatory Status under OSHA HCS:
Not classified as hazardous.

US Label Elements under OSHA HCS:
Signal Word: Not required
Hazard Warning: Not required
Safety Advice: Not required
Hazardous Component: Not required

EU Classification under 1999/45/EC:
Not classified as dangerous.

EU Label Elements under 1999/45/EC:
Symbol & Indication: Not required
R-Phrase: Not required
S-Phrase: Not required
Dangerous Component: Not required

Applicable Label Elements in accordance with Annex V to 1999/45/EC:
Not required

Other Hazards: None
## SECTION 3 COMPOSITION/INFORMATION ON INGREDIENTS

### Substance or Mixture: Mixture

SECTION 4 FIRST AID MEASURES

First Aid Measures:

Inhalation:
If symptoms are experienced, move victim to fresh air and obtain medical advice.

Ingestion:
Rinse mouth. Drink 1 or 2 glasses of water. If irritation or discomfort occurs, obtain medical advice immediately.

Skin:
Wash with soap and water. If irritation persists, obtain medical advice.

Eye:
Do not allow victim to rub eye(s). Flush with lukewarm, gently flowing water for 5 minutes or until particle is removed. If irritation persists, obtain medical attention.

Most Important Symptoms and Effects, both Acute and Delayed:

Inhalation:
Exposure to excessive amounts of dust may cause physical irritation to respiratory tract.

Ingestion:
Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.

Skin:
May be non-irritant.

Eye:
May cause transient slight irritation.

Chronic Effects:
Prolonged inhalation of excessive amounts of dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Indication of Any Immediate Medical Attention and Special Treatment Needed:
None

SECTION 5 FIRE FIGHTING MEASURES

Extinguishing Media:

Suitable Extinguishing Media:
CO2, water, dry chemicals

Unsuitable Extinguishing Media:
None

Special Hazards:
Can form explosive dust-air mixtures when finely dispersed in air.

Hazardous Combustion Products:
CO2, CO

Advice for Fire-fighters:
Wear gloves, glasses, a mask if necessary.

SECTION 6 ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures:
Avoid breathing dust. Wash thoroughly after handling.

Environmental Precautions:
Do not wash away into sewer.

Methods and Material for Containment and Cleaning Up:
Sweep slowly spilled powder on to paper, and carefully transfer into a waste container. Clean remainder with wet paper, wet cloth or a vacuum cleaner.
If a vacuum cleaner is used, it must rate as a dust explosion-proof type. Fine powder can form explosive dust-air mixtures.
SECTION 7  HANDLING AND STORAGE

Precautions for Safe Handling:
Avoid breathing dust. Wash thoroughly after handling.
Use with adequate ventilation.

Conditions for Safe Storage, Including Any Incompatibilities:
Keep out of the reach of children.
Keep away from oxidizing materials.

Specific End Uses:
Toner for electrophotographic apparatus.
For more information, please refer to the instruction of this product.

SECTION 8  EXPOSURE CONTROLS / PERSONAL PROTECTION

Date of Issue: July 24, 2009
Revision Date: June 22, 2012
SECTION 11  TOXICOLOGICAL INFORMATION

Information on Toxicological Effects:

Acute Toxicity:

Inhalation:
Not available

Ingestion:
Estimate: Rat, LD50 > 2000 mg/kg (See SECTION 16)

Corrosivity/Irritation:

Skin:
Estimate: Rabbit, non-irritant (See SECTION 16)

Eye:
Estimate: Rabbit, transient slight conjunctival irritation only. (See SECTION 16)

Sensitization:

Skin:
Estimate: Non-sensitizing (See SECTION 16)

Repeated Dose Toxicity:

Muhle et al. reported pulmonary response upon chronic inhalation exposure in rats to a toner enriched in respirable-sized particles compared to commercial toner. No pulmonary change was found at 1 mg/m$^3$ which is most relevant to potential human exposure. A minimal to mild degree of fibrosis was noted in 22% of the animals at 4 mg/m$^3$, and a mild to moderate degree of fibrosis was observed in 92% of the animals at 16 mg/m$^3$.

These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lung for a prolonged interval.

Carcinogenicity:

The IARC evaluated carbon black and titanium dioxide as Group 2B carcinogens, for which there are inadequate human evidences, but sufficient animal evidences. The latter are based upon the evidences such as development of lung tumors in rats receiving chronic inhalation exposure to powdered carbon black and titanium dioxide at levels that induce particle overload of the lung.

However, there are inhalation studies of a toner containing carbon black and a toner containing titanium dioxide which demonstrated or suggested no association between toner exposure and tumor development in rats.

Mutagenicity:

Ames Test (S. typhimurium, E. coli): Negative

Toxicity for Reproduction:
Not available

Other Information:
Not available
SECTION 12  ECOLOGICAL INFORMATION

Toxicity: Estimate: Fish, 96h LC50 > 100 mg/l
Estimate: Crustaceans, 48h EC50 > 100 mg/l
Estimate: Algae, ErC50(0-72h) > 100 mg/l (See SECTION 16)

Persistence and Degradability: Not available

Bioaccumulative Potential: Not available

Mobility in Soil: Not available

Results of PBT and vPvB Assessment: No results that the component(s) of this toner meet(s) the PBT or vPvB criteria under Regulation (EC) No 1907/2006.

Other Adverse Effects: Not available

SECTION 13  DISPOSAL CONSIDERATIONS

Waste Treatment Methods: DO NOT put toner or toner container into fire; heated toner may cause severe burns. DO NOT shred a toner container, unless dust-explosion preventing measures are taken. Finely dispersed particles form explosive mixtures in air. Disposal should be subject to federal, state and local laws.

SECTION 14  TRANSPORT INFORMATION

UN Number: None
UN Proper Shipping Name: None
Transport Hazard Class: None
Packing Group: None

Environmental Hazards: Not classified as environmentally hazardous under UN Model Regulations and marine pollutant under IMDG Code.

Special Precautions for User: None

SECTION 15  REGULATORY INFORMATION

< USA Information >
SARA Title III §313: Chemical Name Weight %
None
California Proposition 65: Chemical Name Weight %
None

< EU Information >
Safety, Health and Environmental Regulations/Legislation:
(EC) No 1907/2006: Authorisation: Not regulated
Restriction: Not regulated
(EC) No 1005/2009: Not regulated
(EC) No 850/2004: Not regulated
(EC) No 689/2008: Not regulated
Others: None

Chemical Safety Assessment under (EC) No 1907/2006: Not required

Date of Issue: July 24, 2009
Revision Date: June 22, 2012
SECTION 15  REGULATORY INFORMATION (continued)

< Canada Information >

WHMIS Controlled Product: Not applicable (Manufactured article)

< Australia Information >

Statement of Hazardous Nature: Not classified as hazardous according to criteria of NOHSC.

SECTION 16  OTHER INFORMATION

Term explanation: Estimate: Estimate based on data of similar product or the ingredient(s) of this product.
