CPS - Personalized Support for the Imaging Professional

Canon Professional Services (CPS) provides significant membership benefits to individual working professionals who use qualifying Canon imaging equipment. In addition to 24/7 international and domestic telephone support, CPS offers to qualified members (depending on membership level) expedited

and discounted repair service, service loaners, equipment evaluations loans, free clean and check coupons, on-site support at shows and events, discounts on Canon Live Learning workshops and more. For more information about membership, visit:

www.usa.canon.com/cps

CPS proudly introduces the PIXMA PRO-10 to its roster of products eligible for service and repair. Members can now enjoy key service benefits exclusive to this product. Please visit www.usa.canon.com/cps for a full list of benefits related to this product.

Improve on perfection.

Preserve the nuances of the image you envisioned with the quality and accuracy you expect. Your vision, technique, and attention to detail are kept true in the final print with the Canon PIXMA series of professional printers.

SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE. ALL PRINTER OUTPUT IMAGES ARE SIMULATED.

- 1 Print Studio Pro plug-in software is compatible with Adobe Photoshop CS4/CSS/CS5.1, Adobe Photoshop Elements 8/9/10, Adobe Photoshop Lightroom 2.7/3, and Canon Digital Photo Professional 3.12 or later.
- 2 AirPrint functionality requires an iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 4.2 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base station, or Time Capsule is not supported.
- 3 Envelopes and High Resolution Paper are NOT supported for borderless printing.
- 4 Wireless printing requires a working Ethernet network with wireless 802.11b/g or n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.
- 5 Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, types of paper used, and page coverage. See www.usa.canon.com/printspeed for additional information.
- 6 Resolution may vary based on printer driver setting. Color ink droplets can be placed with a horizontal pitch of 1/4800 inch at minimum.
- 7 Compatible with Windows Vista, Windows 7, and Windows 8.
- 8 System requirements vary by application. For Mac OS, an Internet connection is required during software installation. For Windows OS, .NET Framework 4 is required to install My Image Garden and Quick Menu.
- 9 To install using Windows® OS, .NET Framework 4 is required. Compatible still image formats are PDF (created using Canon PDF Creator only), JPEG (Exif), TIFF, and PNG. Compatible video formats are MOV (from select Canon digital cameras only) and MP4 (from select Canon digital camcorders only).
- 10 "Full HD Movie Print" is available from "MOV" and "MP4" movie files created by select Canon EOS, PowerShot, and VIXIA digital cameras and camcorders. Requires PC or Mac with Intel® processor and Canon ZoomBrowser EX 6.5 or later or Canon ImageBrowser 6.5 or later for "MOV" files, or Canon ImageBrowser EX 1.0 or later for "MOV" or "MP4" files. Print quality is determined by the video resolution. Function does not upscale video resolution.
- 11 CREATIVE PARK PREMIUM is a premium content service available exclusively to users only when all of the colors of genuine Canon inks are installed.
- 12 Warranty programs are subject to certain conditions and restrictions. See www.usa.canon.com/support for details.
